Marek Zaleski FEI 10050605

Motivation Letter to be IJOC Board Member

I am working in horse breeding from 1976, I am involved in equestrian sport from 1968. I know I am 68 years old and it is my last time to do something for our club and my friends officials.

Since many years, I am trying to improve equestrian sport in Central Europa. My activities was very big in Russia, Ukraine, Estonia, Latvia, Lithuania, Czech Republic, Slovakia as well in Russian speaking part of Asia and of course in Poland. I am sure, I can help with better connection with this part of the Word. Today Central Europa is improving in show jumping very much, only Poland in the year 2019 will organize 18 international show form 5* to 2*.

I am sure I can be good candidate for all of You, but specialty I would like to grow up Central Europe officials. This part of the Word it is really the future for equestrian sport. Year by year bigger number of the show and bigger number of officials give us information that this part will come to the top very soon.

I hope my experience: in horse breeding, organization the biggest shows, officiating in the biggest show in the world, be a show jumper, helping to organize equestrian sport in many countries, cooperate with FEI as honorary Delegate-honorary Adviser , hep to a good IJOC Board member.

All your decision will be good, and I accept it and I hope we still stay friends.

Best regards Marek
