Dear Members,

Last year I asked you to support me in 2018 to become your president.

In 2018 we started as board with a new approach with working groups and a survey to ask what you expect from our club. With the results of the survey we started to work on our club. We are developing a new website with a forum to discuss cases.

During our Refresher and General Assembly there will be more time available to network and socialize, in Amsterdam we even try to livestream our activities.

We also started communicate with you also via email and I send you my presidents blogs by email to update you on the developments in our club. This all helps us to open our club for our present and potential members. This all is just a start.

I love to give my energy for the next 3 year to finish what we as board have started in 2018 for the next three years. That is the reason why I seek for reelection as your president and ask you to support me with your vote in Amsterdam.

Yours Sincerely,
Willem Luiten
