FEI JUMPING RULES

PREAMBLE

The present Jumping Rules (hereinafter JRs) are effective on 1 January 2014. Although these JRs set out the detailed rules of the FEI for international Jumping Events, they must be read in conjunction with the FEI Statutes, the FEI General Regulations (GRs), the FEI Veterinary Regulations (VRs), and all other FEI Rules and Regulations. Articles of the other FEI Rules and Regulations that may be cross-referenced in the JRs are as follows

- (i) 1 – 99 refer to Articles of the FEI Statutes;
- (ii) 100-199 refer to Articles of the FEI GRs;
- (iii) 200-299 refer to Articles of these JRs;
- (iv) 300-399 refer to Articles of the Rules for Jumping Championships and Games;
- (v) 1000-1099 refer to Articles of the FEI VRs.

Every eventuality cannot be provided for in these JRs. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the JRs and of the GRs. Should there remain any omissions in the JRss, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these JRs, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the JRs, in the GRs or in the Statutes.

FEI JUMPING RULES

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. **General Welfare:**

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality hay, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. **Fitness to compete:**

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of horses:**

a) Veterinary treatment

FEI JUMPING RULES

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

FEI JUMPING RULES

CHAPTER I INTRODUCTION

ARTICLE 200 GENERAL

1. A Jumping Competition is one in which the combination of Horse and Athlete is tested under various conditions over a course of obstacles. It is a test intended to demonstrate the Horse's freedom, its energy, its skill, its speed and its obedience in Jumping and the Athlete's horsemanship. It is essential that strict and detailed JRs are established to regulate Competitions.
2. If an Athlete makes certain Faults such as knocking down an obstacle, refusing, exceeding the time allowed, etc. he incurs Penalties. The winner of the Competition is the Athlete who incurs the least number of Penalties, completes the course in the fastest time or gains the highest number of points, depending on the type of Competition.
3. Variety in Jumping Competitions is encouraged. Therefore, while the JRs are intended to standardise the rules and regulations which apply to Jumping Competitions, they are not intended to standardise the nature of the Competitions since variety provides a precious element of interest for Athletes and spectators alike.
4. Other Competitions may be authorised by the Jumping Director in consultation with the Chair of the Jumping Committee, provided their conditions comply with the requirements set forth in the GRs and in the JRs. Detailed conditions of each Competition must be set out clearly in the Schedule and in the programme of the Event. OCs are not permitted to organise Competitions unless the FEI has approved the conditions according to which these Competitions may be run. OCs wishing to organise international Competitions for five year old Horses must apply for permission to the FEI through their National Federation (hereinafter "NF"). The conditions according to which these Competitions may be run must be approved by the FEI in writing.
5. Competitions must be fair for all Athletes. To achieve this objective, the use of all technical assistance available including but not limited to official video recordings is permitted to assist FEI Officials in carrying out their responsibilities under FEI Rules & Regulations. For official video recordings to be accepted under the FEI Rules & Regulations, they must be presented to the President of the Ground Jury within 30 minutes after the official results are announced. An official video recording is considered to be a recording made by the designated host broadcaster and/or any other accredited broadcaster and/or a designated official video recording company as named by the OC and/or the FEI prior to the Event in question). Videos recorded by any other entity are not acceptable under any circumstances. A review of the video recording is solely at the discretion of the President of the Ground Jury. If the Ground Jury relies on video evidence to alter the outcome of any Competition after the results have been communicated, such a video recording must contain irrefutable evidence that the original ruling or decision was incorrect. A video recording may never be used to establish the time of an Athlete's round (see JRs Art. 229.5). The use of a video shall always be within the confines of the applicable rules and must never by its usage alter the rules currently in effect. With reference to the water jump the decision of the water jump judge is final. (see JRs Art. 211.8)
6. Expenses
 - 6.1. Chefs d'Equipe, Team Veterinarians, Athletes, Grooms and Horses
 - 6.1.1. OCs of World and Continental Championships for Seniors are responsible for meeting the costs for accommodation and meals from one day before the Horse inspection until one day after the Event and for travelling Expenses of Chefs d'Equipe, team Veterinarians, Athletes and Horses belonging to the official Teams and of their grooms, from the frontier of the host NF's country, or the point of arrival in the host NF's country, to the place of the Event, including the cost of loading on and unloading from a ship or aircraft, of quarantine as well as customs duties in the host NF's country. The same applies for the return journey.
 - 6.1.2. OCs of CSIOs are responsible for meeting the costs for accommodation and meals from one day before the first official Competition until one day after the Event for Chefs d'Equipe, Athletes and Horses belonging to the official teams and of their grooms. Reimbursement of travelling expenses is not obligatory for CSIOs. At the discretion of the OC, the same conditions as above may be offered, in whole or in part, to any individual Athletes entered in addition to the official teams at CSIOs.
 - 6.1.4. OCs are under no obligation to meet any of these expenses beyond the time limits published in the Schedule, or to meet any travelling or accommodation expenses of any other persons who may be associated with the official Teams.
 - 6.1.5. If not otherwise specified in the FEI Rules and Regulations, the scale of expenses for the travel and accommodation of Athletes and grooms and the stabling and fodder for the Horses must be published in the Schedule and must cover the reasonable cost of accommodation and meals.
 - 6.2. Expenses for Officials
 - 6.2.1. The OCs shall meet the travelling, accommodation and meals Expenses of all Officials.
 - 6.2.2. FEI appointed Officials whose Expenses are to be paid by the OC shall be appointed with the agreement of the OC.
 - 6.2.3. A per diem allowance of minimum one hundred Euros per day per Official must be offered to all FEI Officials at Events.
 - 6.3. For expenses at other FEI Championships, FEI World Cup™ Finals, FEI Nations Cup™ Finals and Olympic Games see the specific rules for these Events. Expenses at Regional Championships and Regional Games are left to the discretion of the OC.
7. If the FEI has reason to suspect that an OC will not be able to meet its financial obligations, the NF concerned will be authorised to require that Event to be secured by financial guarantees such as a bank guarantee or through an escrow account. Information will be included in the Event Schedule to indicate whether the Event has such financial guarantees or

FEI JUMPING RULES

not. If the FEI is aware of an Event that is likely to default on payment of prize money, the Athletes will be informed through their NF. If in spite of all precautions taken an OC fails to meet its financial obligations to the FEI and Athletes, it will not be permitted to organise another Event until all outstanding debts have been settled; furthermore the total prize money foreseen for the next event that OC wishes to organise must be secured ahead of time in an account jointly held by the OC and the NF.

8. Calendar

The dates of all CSI5*, CSI5*-W and CSIO5* Events shall be approved by the FEI Secretary General two years prior to the year in which the Event is to take place.

The dates of all FEI World Cup™ Western European League Events must be entered in the FEI calendar by 1 October three years prior to the year in which the event is to take place and shall be approved by the FEI Secretary General two years prior to the year in which the Event is to take place. Consequently, applications for the dates of CSI5*, CSI5*-W outside of Western Europe and CSIO5* Events to be inserted in the FEI Calendar must be received by the FEI Secretary General by 1 October two years prior to the year in which the Event takes place and the dates of FEI World Cup™ Western European League Events must be received by the FEI Secretary General by 1 October three years prior to the year in which the Event takes place.

For late date applications and/or modifications of CSI5*, CSI5*-W and CSIO5* Events received between 2 October two years prior to the year in which the Event is to take place and 1 October one year prior to the year in which the Event is to take place, any NF and/or OC of a 5* Event already entered in the calendar that may be deemed to be affected by the acceptance of such late date application and/or modification shall be given the opportunity to provide its opinion and if objecting to the late addition or modification of dates must explain the reasons for the objection. After an evaluation of the reasons for an objection, the Secretary General may accept the late addition or modification. For late date application and/or modification of CSI5*, CSI5*-W and CSIO5* Events received after 1 October one year prior to the year in which the Event is to take place, the procedure established in GRs Art. 112.7 will apply.

CSI5* Events are not permitted to clash with FEI World Cup™ Western European League Events unless the OCs involved are in agreement; CSI5* Events are not permitted to clash with the FEI World Cup™ Jumping Final. CSI5*, CSI5*-W and CSIO5* Events are not permitted to clash with the FEI Nations Cup™ Jumping Final.

9. Stables

All Horses must be stabled in the official stables provided by the OC for the duration of the Event. In case the Horse(s) are moved to a different stable other than the official stables provided by the OC without the authorisation of the Ground Jury the Horse(s) will be disqualified from the Event.

FEI JUMPING RULES

CHAPTER II ARENAS AND SCHOOLING AREAS

ARTICLE 201 ARENA, SCHOOLING AREAS AND PRACTICE OBSTACLES

1. The arena must be enclosed. While a Horse is in the arena during a Competition, all entrances and exits must be physically closed.
2. An indoor Competition arena must have minimum size of 1'200 m² with a minimum width on the short side of 20 metres. An outdoor Competition arena must have a minimum size of 4'000 m² with a minimum width on the short side of 50 metres. An exception to this rule may be granted, where circumstances warrant, by the FEI Jumping Director in consultation with the Chair of the Jumping Committee.
3. The Schooling Areas

The OC must provide at least one schooling area sufficiently large for optimal training conditions. There must be a minimum of one vertical and one spread obstacle. The ground has to be in proper condition for the training of Horses. When there are many Athletes and sufficient space, additional obstacles should be provided. All obstacles must be constructed in the usual manner and provided with red and white flags. However, the flags may be replaced by tape or paint in order to provide a white and a red top to the wings or uprights.

Where space permits and the number of Athletes is large, a separate schooling area may be designated.
4. Practice Obstacles

The use of obstacle material not provided by the OC is forbidden under Penalty of Disqualification and/or Fine (see JRs Art. 242.2.6 and 240.2.5). Practice obstacles may only be jumped in the direction for which they are flagged. No part of the practice obstacles may be physically held by any person.

 - 4.1. Ground lines may be placed directly underneath the first part of an obstacle or up to one metre away on the take-off side. If there is a ground-line in front of the obstacle, a ground-line may be used behind the obstacle at an equal distance up to a maximum of one metre.
 - 4.2. Any obstacles 1.30 m or higher must have a minimum of two poles, in cups, on the take-off side of the obstacle, regardless of whether or not a ground line is used. The lower pole must always be below 1.30 m.
 - 4.3. If crossed poles are used as the top part of an obstacle, they must be able to fall individually. The top end of the poles must be in a cup. However, there can be a horizontal top pole behind the crossed poles, which must be at least 20 centimetres higher than the centre of the crossed poles.
 - 4.4. The top poles of an obstacle must always be in cups at both ends. If the pole is resting on the edge of a cup it must be on the far edge and never on the near edge.
 - 4.5. For Competitions where the maximum obstacle height is 1.40m or less, the obstacles in the practice arena may not exceed in height and width ten centimetres more than the actual maximum height and width of the obstacles of the Competition in progress. If the obstacle height of the Competition in progress is greater than 1.40 m, the obstacles in the practice arena may not exceed 1.60 m in height and 1.80 m in width.
 - 4.6. It is not permitted to walk Horses over poles when these are elevated or placed in cups at one or both ends.
- 4.7 The OC may provide material to simulate a water ditch.
5. Gymnastic Training
 - 5.1. Athletes may train their Horses in gymnastic exercises using placing poles on the ground, but obstacles used for this purpose may not exceed 1.30 m in height. Athletes using such obstacles must not violate the rules against rapping (see JRs Art. 243.2.1).
 - 5.2. Placing Poles: if there is enough space placing poles may be used and placed on the ground not closer than 2.50 m on the take-off side of a vertical obstacle not exceeding 1.30 m in height. A placing pole may be used on the landing side not closer than 2.50 m when the obstacle is jumped at the trot or three metres if at the canter.
 - 5.3. Exercising and Training: whenever possible provision should be made for Athletes to exercise and train in the presence of a steward for several hours in the morning. Athletes may change obstacles providing JRs Art. 201.4, 201.5 and 201.6 are not contravened.
6. Combinations are permitted as long as there is enough space and if they are built with correct distances. The OC must provide the material.

When training areas are crowded Athletes may only use single obstacles.
7. The schooling area(s) must always be supervised by a steward when in use.

ARTICLE 202 ACCESS TO THE ARENA AND PRACTICE OBSTACLE

1. Athletes on foot may only be admitted once to the arena before each Competition and this includes Competitions with jump-off(s). Entry into the arena will be prohibited by means of a notice "Arena Closed" placed at the entrance or conspicuously in the middle of the arena. Permission to enter the arena will be given by the Ground Jury ringing the bell and by displaying a notice "Arena Open". An announcement must also be made over the public address system. However, in Competitions over two rounds with different courses, Athletes may inspect the course before the second round.

FEI JUMPING RULES

2. The OC of an indoor Event where facilities for exercising are severely limited, may, with the agreement of the Ground Jury, give special permission for the arena to be used for exercising at specified times.
3. If the schooling areas are inadequate or cannot be used, a practice obstacle which is not part of the course must be placed in the arena. In all other circumstances, facultative or practice obstacles are not allowed in any Competition. In certain special competitions (including but not limited to the Six Bar or Puissance Competition) the Ground Jury may decide that the Athletes remaining in the Competition must stay in the arena after the first or second jump-off. In this case, the Ground Jury must allow a practice obstacle in the arena.
4. The practice obstacle must be a spread obstacle not exceeding 1.40 m in height and 1.60 m in spread or a vertical obstacle not exceeding 1.40 m in height, provided with red and white flags and should not be numbered. These dimensions may not be altered during the course of the Competition. Only two attempts at this obstacle are allowed. Jumping or attempting to jump this practice obstacle more than twice entails a fine in addition to the possible Disqualification (see JRs Art. 242.2.3 and 240.2.6).

Jumping the practice obstacle in the wrong direction may incur disqualification (see JRs Art. 242.2.7).

The Athlete is allowed 90 seconds maximum to make these attempts, counted from the time the Ground Jury rings the bell.

A knock down, Refusal or run out count as an attempt. If there is a Refusal at the first attempt with a knock down or displacing of the obstacle, this obstacle is to be reset and the Athlete is allowed to make a second and final attempt. The time taken to reset the obstacle is neutralised.

The Ground Jury must give the signal to start the round after the Athlete has made his attempt(s) or after 90 seconds. After the sound of the bell, the Athlete who has attempted only once, is allowed the second attempt but he must cross the starting line in the correct direction within 45 seconds; failure to do so will start the time of the round (see JRs Art. 203.1.2).

5. Athletes may not jump or attempt to jump any obstacle in the arena during a parade before the Competition. Failure to comply with this paragraph may incur Disqualification (see JRs Art. 242.2.4).
6. A prize winner may only jump an obstacle for the benefit of the press with the permission of the Ground Jury, provided it does not form part of a subsequent round. This practice should not be encouraged.

ARTICLE 203 BELL

1. The bell is used to communicate with the Athletes. One of the members of the Ground Jury is in charge of the bell and responsible for its use. The bell is used:
 - 1.1. to give permission to the Athletes to enter the arena when the course is ready for their inspection (see JRs Art. 202.1) and to signal that the inspection time is over;
 - 1.2. to give the signal to start and to activate a 45-seconds countdown shown in the timing equipment in the scoreboard or in another display beside the arena.

The 45-seconds countdown sets the time that the Athlete can spare before commencing his round. The Ground Jury has the right to interrupt the 45-seconds countdown if unforeseen circumstances occur. Incidents such as, but not limited to, disobediences and falls, occurring between the signal to start and up to the moment the Athlete crosses the starting line in the correct direction, are not penalised (see JRs Art. 235.3). After the bell has rung, crossing the starting line in the correct direction for a second time before jumping the first obstacle is counted as a Disobedience.

However, the Ground Jury, in its discretion if the situation so warrants, has the right not to activate the start or to cancel the starting procedure, give a new signal to start and restart the countdown.

- 1.3. to stop an Athlete for any reason or following an unforeseen incident and to signal to him to continue his round after an interruption (see JRs Art. 217.4 and 233);
- 1.4. to indicate the Athlete that an obstacle knocked down following a Disobedience has been replaced (see JRs Art. 233);
- 1.5. to indicate by prolonged and repeated ringing that the Athlete has been eliminated.
2. If the Athlete does not obey the signal to stop, he may be eliminated at the discretion of the Ground Jury (see JRs Art. 241.4.5) except where specifically provided for under JRs Art. 233.2.
3. If, after an interruption, the Athlete restarts and jumps or attempts to jump without waiting for the bell to ring, he will be eliminated (see JRs Art. 241.3.14).

ARTICLE 204 COURSE AND MEASURING

1. The Ground Jury must walk the course to inspect it before the start of the Competition. The course is the track, which the mounted Athlete must follow when competing from passing the start in the correct direction up to the finish. The length must be measured accurately to the nearest metre taking account, particularly on the turns, the normal line to be followed by the Horse. This normal line must pass through the middle of the obstacle.
2. In Championship Competitions, Olympic Games, Nations Cup and Grand Prix Competitions, the President of the Ground Jury or his designee must ensure that the Course Designer has properly measured the course. At Championships, Finals, Games and all 5* Events, the President of the Ground Jury or his designee must walk the course with the Course Designer to ensure that the course is properly measured with a wheel. In exceptional cases, the Ground Jury may alter the time, if the conditions as mentioned in JRs Art. 204.3 apply.

FEI JUMPING RULES

3. Once the Competition has started only the Ground Jury in consultation with the Course Designer, and the Technical Delegate if present, may decide that a significant error has been committed in the measurement of the course. This may be done at the latest after the third Athlete, who has completed the course without a Disobedience or any other interruption, assuming that the three Athletes in question have started their course prior to the 45-second countdown elapsing, and before the next Athlete has started. In this case, the Ground Jury has the option to alter the time allowed. If the time allowed is increased, the Score of the Athletes who have jumped the course before the time was altered will then be adjusted accordingly, if applicable. If the time allowed is decreased, this may only be done to the extent that no Athlete having previously completed his round receives time penalties due to the alteration of the time allowed.
4. If the condition of the footing becomes bad, the Ground Jury may alter the speed provided for in the Schedule, before the start of the first Athlete of the Competition.
5. The total length of the course in metres may never exceed the number of obstacles in the Competition multiplied by 60.
6. The starting and finishing lines may not be more than 15 m or less than six metres from the first and last obstacle. These two lines must each be marked with an entirely red flag on the right and an entirely white flag on the left. The start line and finish line must also be marked with markers with the letters S (= Start) and F (= Finish).

ARTICLE 205 COURSE PLAN

1. The Course Designer must give the Ground Jury a copy of the course plan showing accurately all the details of the course. An exact copy of the course plan given to the Ground Jury must be posted as close as possible to the entrance of the arena, at least 30 minutes before the beginning of each Competition. For all Competitions the track as measured by the Course Designer must be indicated on the course plan that is posted prior to the Competition.
2. The obstacles are numbered consecutively in the order in which they must be jumped, except in certain Competitions, as specified in the JRs.
3. Combination obstacles carry only a single number. This number may be repeated at each element for the benefit of the Ground Jury and Athletes. In this case, distinguishing letters will be added (for example: 8A, 8B, 8C, etc.).
4. The plan must indicate the following:
 - 4.1. the position of the starting and finishing lines. During a round, unless otherwise indicated, these may be re-crossed without Penalty;
 - 4.2. the relative position, type (spread or vertical obstacle, triple bar), numbering and lettering of obstacles;
 - 4.3. any compulsory turning points marked by a white flag on the left side and a red flag on the right;
 - 4.4. the track to be followed by Athletes marked either by a continuous line (in which case it must be followed precisely) or by a series of arrows showing the direction in which each obstacle must be jumped (in which case the Athlete is free to choose his own track). Should there be a compulsory section in an otherwise unrestricted course, both methods must be used on the same plan;
 - 4.5. the table of Penalties to be used;
 - 4.6. the speed for the Competition if applicable;
 - 4.7. the length of the course;
 - 4.8. the time allowed and the time limit, if any; or the fixed time in certain Competitions, as specified in the JRs;
 - 4.9. the obstacles, the length, the time allowed and the time limit for the jump-offs;
 - 4.10. the combinations considered as completely closed or as partially closed (see JRs Art. 214);
 - 4.11. all decisions and/or modifications made by the Ground Jury in regard to the course.

ARTICLE 206 ALTERATIONS TO THE COURSE

1. Should force of circumstances make it necessary to alter the plan of the course after it has been posted, the change may only be made after agreement of the Ground Jury. In this case the Chefs d'Equipe and all individual Athletes must be advised of the alterations.
2. Once the Competition has begun, the conditions under which it is run may not be altered and the course or its obstacles may not be changed unless otherwise stipulated in the JRs (see Art. 204.3). If it becomes necessary to interrupt the Competition (because of a storm or bad light, etc.) it must subsequently be continued using the same obstacles and course and as far as possible under the same conditions and at the exact point where it was interrupted. However, for the Nations Cup, JRs Art. 264.3.6 applies.
3. Notwithstanding paragraph 2 above, an obstacle may be re-sited during a round, or between rounds of a Competition, if in the opinion of the Ground Jury a deterioration in the state of the going or other special circumstances necessitates such action. Obstacles, which cannot be re-sited, such as water jumps, ditches or permanent obstacles, must be taken out of the course. If an obstacle has been taken out of the course during a round, the Scores of all previous Athletes penalised during this round at that obstacle must be adjusted by cancelling jumping Penalties and time corrections incurred thereat. All Eliminations and time Penalties already incurred will stand.
4. If necessary, a new time allowed and time limit shall be fixed for the course as altered under paragraph 3 above.

FEI JUMPING RULES

ARTICLE 207 **FLAGS**

1. Completely red flags and completely white flags must be used to mark the following details of the course:
 - 1.1. the starting line; it is obligatory to place also a marker S (see JRs Art. 204.6);
 - 1.2. the limits of the obstacles; the flags may be attached to any part of the wings of the obstacles. They may also stand independently. One red flag and one white flag must be placed at vertical obstacles and at least two red and two white flags to define the limits of spread obstacles. They must also be used to mark the limits of the obstacles provided in the schooling areas (JRs Art. 201.3) or the practice obstacle in the arena (JRs Art. 202.3); in the schooling area it is also allowed to use wings/uprights with a red or white top, instead of flags;
 - 1.3. compulsory turning points;
 - 1.4. the finishing line; it is obligatory to place also a marker F (JRs Art. 204.6);
2. At the obstacles, the starting and finishing lines and at the compulsory turning points, the Athlete must pass between the flags (red on his right and white on his left). Flag poles defining the limits of the landing side of the water jump must be made of material that cannot shatter or splinter and must bend when hit; flags must have no sharp points or corners.
3. If an Athlete passes the flags on the wrong side, he must retrace his steps and pass them on the correct side before continuing his round. If he does not correct this mistake, he will be eliminated (see JRs Art. 220.1.2).
4. Knocking down a flag anywhere in the arena does not incur a Penalty. If a flag marking the limits of an obstacle or compulsory turning point or the finishing line has been knocked down following a Disobedience / Resistance, (without passing these lines) or as a result of unforeseen circumstances, the flag will not be replaced immediately; the Athlete must continue his round and the obstacle /compulsory turning point will be judged as if the flag was in its original place. The flag must be replaced before the next Athlete will be given the signal to start.
5. However, if a flag defining the limits of the water jump or of a natural obstacle has been knocked down following a Disobedience or as a result of unforeseen circumstances and in all cases where the nature of the obstacle is changed by knocking down the flag, the Ground Jury will interrupt the round of the Athlete. The clock must be stopped while the flag is replaced and a time correction of six seconds will be applied in accordance with the procedure provided for in JRs Art. 232.
6. In certain Competitions, the starting and finishing lines may be crossed in both directions. In this case the lines must be provided with four flags; a red and a white flag at each end of these lines.

FEI JUMPING RULES

CHAPTER III OBSTACLES

ARTICLE 208 OBSTACLES - GENERAL

1. The obstacles must be inviting in their overall shape and appearance, varied and match their surroundings. Both the obstacles themselves and their constituent parts must be such that they can be knocked down, while not being so light that they fall at the slightest touch or so heavy that they may cause Horses to fall or be injured.
2. The obstacles must be designed with horsemanship and fairness in mind.
3. A sponsored obstacle is any obstacle inside the flags of which there is advertising material or a sponsors product or representation of a product. If advertising material or representation of a product on the wing of an obstacle is more than 0.50 m², the obstacle is also considered to be a sponsored obstacle. If the wings of an obstacle have advertising of 0.50 m² or less, the obstacle is not considered a sponsored obstacle. No more than 30%, rounded up to the next whole number of the efforts, may be sponsored obstacles.

This paragraph applies to World and Continental Championships and FEI World Cup™ Final and other Events or Competitions as designated by the FEI. The Technical Delegate must approve the design and construction of all obstacles with regard to safety and technical suitability.

In agreement with the Chair of the Jumping Committee, FEI Commercial Director and FEI Director Jumping, the number of sponsored efforts may be increased up to 50%.

4. The maximum height of obstacles in the first round of any Competition which takes place within the frame of an Event classified according to GRs Art. 102.6 is:
 - (i) 1.40 m for CSI1* Events;
 - (ii) cannot exceed 1.45 m for CSI2* Events.

The above does not apply for Six Bar and Puissance Competitions.

5. Under no circumstances, except in Six-Bar, Puissance and Power and Skill Competitions may any obstacle exceed 1.70 m in height. Spread obstacles must not exceed two metres in spread with the exception of triple bars which may have a maximum spread of 2.20 m. This applies also in the case of one or of several jump-offs. The water jump may not exceed 4.50 m in spread including the take off element.
6. Poles and other parts of the obstacles are held up by supports (cups). The pole must be able to roll on its support; in this case the support must have a depth of 18 mm minimum and a depth of 30 mm maximum. For planks, balustrades, barriers, gates, etc. the diameter of the supports must be more open or even flat.
7. The limits on the height and spread of obstacles set forth by these JRs and in the definite Schedules must be observed with the greatest care. However, if it should happen that a maximum dimension has been marginally exceeded as a result of the material used for construction and/or by the position of the obstacle on the ground, the maximum dimensions set forth will not be considered as having been exceeded, providing every effort has been made to not exceed the maximum dimensions specified in the Schedule with the material available.
8. The approximate dimensions of obstacles in Competitions other than those, which are specially set forth in the JRs, must be stipulated in the Schedule.

ARTICLE 209 VERTICAL OBSTACLE

1. An obstacle whatever its construction may only be called a vertical when faults are judged on the same vertical plane.

ARTICLE 210 SPREAD OBSTACLE

1. A spread obstacle is an obstacle which is built in such a manner that it requires an effort both in spread and in height. FEI-approved safety cups must be used as support for the back pole of spread obstacles and in case of a triple-bar to support the centre and back poles of the obstacle. Approved safety cups must be used in the Competition arena and schooling areas.
2. The President of the Ground Jury is responsible for the rules relating to safety cups to be followed. The Foreign Judge will report any non-compliance of the rules to the FEI. The name of the company which supplies the FEI approved safety cups, to be used at the Event, will be mentioned in the Schedule.

ARTICLE 211 WATER JUMP, WATER JUMP WITH VERTICAL AND LIVERPOOL

1. For an obstacle to be called a water jump, there must be no obstacle in front, in the middle or behind the water. The water must have a minimum spread in excess of two metres and must be dug into the ground. For details of how the water jump should be constructed refer to Annex VII.

If the water jump does not meet the specifications as described in Annex VII, a vertical obstacle must be placed over the water as described in JRs Art. 211.10c
2. A take-off element (brush, small wall), with a minimum height of 40 cm and a maximum height of 50 cm, must be erected on the take-off side. The width of the front of the water jump must be at least 30% greater than the length.

FEI JUMPING RULES

3. At Olympic and Regional Games, FEI Championships, CSIOs and CSIs the landing side of the water jump must be defined by a lath, at least six centimetres in width and not exceeding eight centimetres, covered with a bed of contrasting coloured plasticine (i.e. white plasticine if grass footing, coloured plasticine if sand), about one centimetre thick. This plasticine must be replaced each time a Horse touches it. Several spare laths must be provided together with extra plasticine so that a lath, which has been marked by a Horse, may be replaced at any time. The lath must be placed at the edge of the water, properly fixed to the ground (i.e. directly on the sand or grass footing).
4. If the bottom of the water jump is made of concrete or hard material, it must be covered with a softer material such as a coconut or rubber mat.
5. It is a Fault at the water jump:
 - 5.1. when a Horse puts one or several feet on the lath defining the limit of the water jump. It is a Fault when the foot or the shoe touches the lath and leaves an impression; impression of the fetlock joint or boot does not constitute a fault.
 - 5.2. when a Horse touches the water with one or several feet.
6. Striking, knocking down, or displacing the brush or take-off element is not a Fault.
7. If one of the four flags is knocked down or displaced it is for the water jump Judge to decide whether or not there has been a Run-out depending on which side of the flag the Horse has passed. If the decision is a Run-out the bell will be rung and the clock stopped while the flag, which has been knocked down or displaced is put back and six seconds will be added in accordance with JRs Art. 232.
8. The decision of the water jump Judge is final. For this reason he must be a member of the Ground Jury.
9. The water jump Judge must register the identification number of Horses penalised at the water jump and the reason for the Penalties.
10. Only a vertical obstacle of not more than 1.50 m in height having any number of poles but with the use of FEI-approved safety cups may be placed over open water. The vertical obstacle must not be placed further than two metres from the front of this obstacle. This obstacle is judged as a vertical obstacle and not as a water jump. For this reason it is not necessary to use a lath or other arrangement to define its limits. If a lath is used it is to be considered a visual aid only; Penalties will not be incurred for any imprints on the lath. The same applies if the take-off element is displaced. Only poles with a minimum length of 3.50 m may be used for a vertical placed over a water jump.
11. With the exception of the case set forth in Art. 211.10, if water is used under, in front of or behind an obstacle (a so-called "Liverpool") the total spread of the obstacle (including the water) may not exceed two metres. Open water with a spread of more than two metres may not be used as a Liverpool.
12. The Technical Delegate or the Foreign Judge if there is no Technical Delegate may, at his discretion, decide whether the water jump may be used in Competitions held under floodlight.

ARTICLE 212 COMBINATION OBSTACLES

1. Double, treble or higher combinations mean a group of two or more obstacles, with distances between the elements of seven metres minimum and 12 metres maximum (except for Hunting or Speed and Handiness Competitions judged under Table C and for permanent fixed obstacles where the distance may be less than 7 metres which require two or more successive efforts. The distance is measured from the base of the obstacle on the landing side to the base of the next obstacle on the take-off side.
2. In combinations, each element of the group must be jumped separately and consecutively, without circling around any element. Faults committed at any element of a combination are penalised separately.
3. When there is a Refusal, Run-out, the Athlete must retake all the elements unless it is a closed combination or partially closed combination (see JRs Art. 214) or a Six Bar or obstacles-in-line Competition.
4. Penalties for Faults made at each element and during different attempts, are counted separately and added together.
5. In a combination obstacle a triple bar may only be used as the first element.

ARTICLE 213 BANKS, MOUNDS, AND RAMPS

1. With exception of JRs Art. 213.2, banks, mounds, ramps and sunken roads irrespective of whether they include any sort of obstacle and in whatever direction they should be taken, are to be regarded as combination obstacles (see JRs Art. 212).
2. A bank or mound without an obstacle or with only one or several poles over it may be jumped in one effort. This method of jumping the obstacle incurs no Penalty.
3. No banks, mounds, sunken roads, talus, slopes or ramps, except table banks not exceeding one metre in height, may be used at indoor Events.

ARTICLE 214 CLOSED COMBINATIONS, PARTIALLY CLOSED & PARTIALLY OPEN COMBINATIONS

1. A combination is considered to be completely closed, if the sides, which surround it, can only be surmounted by jumping.

FEI JUMPING RULES

2. A closed combination may be in the form of an in-and-out, sheep pen, (square or hexagonal) or any similar obstacle considered as a closed combination by decision of the Ground Jury. A combination is considered as partially open and partially closed if one part of this combination is open and the other closed. In the event of a Refusal, Run-out, the following procedure applies (see JRs Art. 219):
 - 2.1. if the Disobedience occurred in the closed part, the Athlete must jump out in the direction of the course;
 - 2.2. if the Disobedience occurred in the open part, the Athlete must take the whole obstacle again. Failure to do so incurs Elimination (see JRs Art. 241.3.15).
- In the event of a Disobedience with a knock down and/or displacing of the obstacle at any part, a time correction of six seconds must apply. If, once inside the enclosure, the Horse refuses the Athlete must jump out in the direction of the course. The six seconds Penalty is added to the time when the clock is restarted and the Athlete resumes his round.
3. The Ground Jury must decide before the Competition whether the combination is to be considered as closed or partially closed. This decision must be shown on the plan of the course.
 4. If a combination is not mentioned on the plan of the course as closed or partially closed, it must be considered as an open combination and judged as such.

ARTICLE 215 ALTERNATIVE OBSTACLES AND JOKER

1. When in a Competition two obstacles of the course carry the same number, the Athlete has the choice of jumping either one of the obstacles:
 - 1.1. if there is a Refusal or Run-out without a knock-down or displacing of the obstacle, at his next attempt the Athlete is not obliged to jump the obstacle at which the Refusal or Run-out occurred. He may jump the obstacle of his choice;
 - 1.2. if there is a Refusal or Run-out with a knock-down or displacing of the obstacle, he may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start. He may then jump the obstacle of his choice.
2. Red and white flags must be placed at each of the elements of this alternative obstacle.
3. The Joker is a difficult obstacle and must be designed with horsemanship and fairness in mind. It may only be used in an Accumulator Competition or in a Top Score Competition.

FEI JUMPING RULES

CHAPTER IV PENALTIES DURING A ROUND

ARTICLE 216 PENALTIES - GENERAL

During a round, Penalties are incurred for:

1. Knocking down an obstacle (see JRs Art. 217) and a foot in the water or an imprint of the foot or the shoe on the lath defining the limits of the water jump on the landing side;
2. A Disobedience (i.e. Refusal, Run-out or Resistance) (see JRs Art. 219);
3. A deviation from the course (see JRs Art. 220);
4. A fall of a Horse and/or Athlete (see JRs Art. 224);
5. Unauthorised assistance (see JRs Art. 225);
6. Exceeding the time allowed or the time limit (see JRs Art. 227 and 228).

ARTICLE 217 KNOCK DOWN

1. An obstacle is considered to have been knocked down when, through a mistake of the Horse or Athlete:
 - 1.1. the whole or any upper part of the same vertical plane of it falls, even if the part which falls is arrested in its fall by any other part of the obstacle (see JRs Art. 218.1);
 - 1.2. at least one of its ends no longer rests on any part of its support.
2. Touches and displacements of any part of an obstacle or its flags, in whatever direction, while in the act of jumping, do not count as a knock down. If in doubt the Ground Jury should decide in favour of the Athlete. The knock down or displacement of an obstacle and/or a flag as a result of a Disobedience is penalised as a Refusal only.

In the event of the displacement of any part of an obstacle (except the flags) as a result of a Disobedience, the bell will be rung and the clock stopped while the displacement is re-adjusted. This does not count as a knock down and is only penalised as a Disobedience and corrected by time in accordance with JRs Art. 232.
3. Penalties for knocking down an obstacle are those provided for under Tables A and C (see JRs Art. 236 and 239).
4. If any part of an obstacle, which has been knocked down is likely to impede an Athlete in jumping another obstacle, the bell must be rung and the clock stopped while this part is picked up and the way is cleared.
5. If an Athlete jumps an obstacle correctly which has been improperly rebuilt, he incurs no Penalty; but if he knocks down this obstacle he will be penalised in accordance with the table in use for the Competition.

ARTICLE 218 VERTICAL AND SPREAD OBSTACLES

1. When a vertical obstacle or part of an obstacle comprises two or several parts placed one above the other and positioned in the same vertical plane, only the fall of the top part is penalised.
2. When a spread obstacle which requires only one effort comprises parts which are not positioned in the same vertical plane, the fall of one or several top parts only counts as one Fault whatever the number and position of the parts which have fallen. Trees, hedges etc. used as filling are not liable for Penalties.

ARTICLE 219 DISOBEDIENCES

1. The following are considered as Disobediences and are penalised as such (see JRs Art. 236 and 239):
 - 1.1. a Refusal;
 - 1.2. a Run-out;
 - 1.3. a Resistance;
 - 1.4. a more or less regular circle or group of circles no matter where they occur on the course or for whatever reason. It is also a Disobedience to circle around the last obstacle jumped unless the track of the course so requires.
2. Notwithstanding the above, the following is not considered to be a Disobedience:
 - 2.1 circling for up to 45 seconds after a Run-out or a Refusal (no matter if the obstacle has to be rebuilt or not) to get into position to jump an obstacle.

ARTICLE 220 DEVIATION FROM THE COURSE

1. It is a deviation from the course when the Athlete:
 - 1.1. does not follow the course as set out on the published plan;

FEI JUMPING RULES

- 1.2. does not cross the starting line or the finishing line between the flags in the correct direction (see JRs Art. 241.3.6 and 241.3.17);
- 1.3. omits a compulsory turning point (see JRs Art. 241.3.7);
- 1.4. does not jump the obstacles in the order or in the direction indicated, except in certain special Competitions (see JRs Art. 241.3.10 and 241.3.11);
- 1.5. jumps or attempts to jump an obstacle which does not form part of the course or omits an obstacle. Obstacles not included in the course should be crossed but failure to do so by the arena party will not preclude the Elimination of an Athlete for jumping an obstacle not forming part of the course.
2. An uncorrected deviation from the course will result in Elimination of the Horse and Athlete combination (see JRs Art. 241.3.6, 241.3.7 and 241.3.17).

ARTICLE 221 REFUSAL

1. It is a Refusal when a Horse halts in front of an obstacle, which it must jump whether or not the Horse knocks it down or displaces it.
2. Stopping in front of an obstacle without moving backwards and without knocking it down followed immediately by a standing jump is not penalised.
3. If the halt is prolonged, if the Horse steps back, either voluntarily or not, even a single pace, it counts as a Refusal.
4. If a Horse slides through an obstacle, the Judge in charge of the bell must decide immediately if it is to count as a Refusal or as an obstacle knocked down. If he decides that it is a Refusal the bell is rung at once and the Athlete must be ready to attempt the obstacle again as soon as it has been rebuilt (see JRs Art. 232 and 233).
- 4.1. If the Judge decides that it is not a Refusal, the bell is not rung and the Athlete must continue his round. He is then penalised as for an obstacle knocked down.
- 4.2. If the bell has been rung and the Athlete jumps other elements of the combination in his stride, he will not be eliminated or incur further penalties even if he knocks down this element of the combination.

ARTICLE 222 RUN-OUT

1. It is a Run-out when the Horse escapes the control of its Athlete and avoids an obstacle, which it has to jump or a compulsory turning point, which it has to pass.
2. When a Horse jumps an obstacle between two red flags or between two white flags the obstacle has not been jumped correctly, the Athlete is penalised as for a Run-out and he must jump the obstacle again correctly.
3. It is considered to be a run out and is penalised as such for a Horse or any part of a Horse to go past the extended line of an obstacle to be jumped, or of an element of a combination, or of the finishing line or of a compulsory turning point.

ARTICLE 223 RESISTANCE

1. It is a Resistance when the Horse refuses to go forward, makes a halt for any reason, makes one or several more or less regular or complete half turns, rears or steps back for whatever reason.
2. It is equally a Resistance when the Athlete stops his Horse at any moment and for any reason, except in the event of an incorrectly rebuilt obstacle or to indicate unforeseen circumstances to the Ground Jury (see JRs Art. 233.3.2). A Resistance is penalised as for a Refusal except in the circumstances set out in JRs Art. 241.3.4.

ARTICLE 224 FALLS

1. An Athlete is considered to have fallen when, either voluntarily or involuntarily, he is separated from his Horse, which has not fallen, in such a way that he touches the ground or finds it necessary, in order to get back into the saddle, to use some form of support or outside assistance.
If it is not clear that the Athlete has used some form of support or outside assistance to prevent his fall, the benefit of doubt must be given to the Athlete.
2. A Horse is considered to have fallen when the shoulder and quarters have touched the ground or the obstacle and the ground.

ARTICLE 225 UNAUTHORISED ASSISTANCE

1. Any physical intervention by a third party between the crossing of the starting line in the correct direction and the crossing of the finishing line after jumping the last obstacle, whether solicited or not, with the object of helping the Athlete or his Horse is considered to be unauthorised assistance.
2. In certain exceptional cases, the Ground Jury may authorise the Athlete to enter the arena on foot or with the help of another person, without this being considered as unauthorised assistance.

FEI JUMPING RULES

3. Any help given to a mounted Athlete to adjust his saddlery or bridle or to hand him a whip while mounted during the round will incur Elimination. To hand a mounted Athlete his headgear and/or spectacles during his round is not considered to be unauthorised assistance (see JRs Art. 241.3.20.).

FEI JUMPING RULES

CHAPTER V TIME AND SPEED

ARTICLE 226 TIME OF THE ROUND

1. The time of a round, recorded in seconds and in hundredths of a second, is the time taken by an Athlete to complete the round, plus the time correction (see JRs Art. 232) if any. The time awarded to the Athlete starts running either upon crossing the starting line as per Art. 226.2 or upon expiration of the 45-second countdown (see JRs Art. 203.1.2), whichever occurs first. It extends to the moment when the mounted Athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
2. The round starts when the mounted Athlete passes the starting line in the correct direction for the first time after the bell has been rung. It extends to the moment when the mounted Athlete crosses the finishing line in the correct direction, after having jumped the last obstacle.
3. A display board, clearly visible for the Athlete, must show the 45-seconds countdown.

ARTICLE 227 TIME ALLOWED

1. The time allowed for a round in each Competition is determined in relation to the length of the course and the speeds set forth under JRs Art. 234 and Annex II.

ARTICLE 228 TIME LIMIT

1. The time limit is equal to twice the time allowed for all Competitions in which a time allowed has been set forth.

ARTICLE 229 RECORDING THE TIME

1. Each Competition at an Event must be timed by the same system or by means of the same type of timing equipment. FEI-homologated timing equipment is compulsory for all Olympic and Regional Games, FEI Championships, FEI World Cup™ Finals, CSIOs and CSIs unless circumstances warrant an exception to be authorised by the FEI Jumping Director. In all instances, the timekeeper is required to record the number of the Horse and the time taken to complete the round by the means of an electronic timing system. The time must be recorded to the one-hundredth of a second.
2. Two digital stopwatches are required in case the electronic timing system breaks down and a third watch to measure the time taken to resume the round after the bell has been rung for Disobediences, interruptions, the time taken between two consecutive obstacles and the time limit for a Resistance. The President or a member of the Ground Jury must have a digital stopwatch.
3. In any Competition where the time is taken by stopwatches, the time is to be registered in seconds and in hundredths of a second. If two timekeepers are used, only the time of one will be taken into account for the official timing, the time of the second timekeeper will be used as a back-up.
4. In case of a breakdown of the electronic timing equipment, the time of any Athlete affected by the breakdown shall be determined by a stopwatch in hundredths of a second (for details see Annex IV).
5. A video recording may never be used to establish the time of an Athlete's round.
6. If the crossing of the starting and/or finishing line by the Athlete cannot be clearly judged from the Ground Jury box, one or two persons, one at the starting line and one at the finishing line, with a flag, must be placed at both of these lines to signal the crossing of the Athlete. The time taken by the Athlete to complete the round is to be registered at the Ground Jury box.

ARTICLE 230 INTERRUPTED TIME

1. While the clock is stopped, the Athlete remains free to move around until the ringing of the bell gives him permission to start again.
The clock is restarted when the Athlete reaches the place where the clock was stopped. Exception, in the case of a Disobedience with a knock-down, in which case JRs Art. 232 applies.
2. The responsibility for starting and stopping the clock rests solely with the Judge in charge of the bell. The timing equipment must be such that this procedure can be followed. The timekeeper may not be made responsible for this function.
3. The electronic timing system must not only register the time of the Athlete's round, but must also include time corrections, if any.

ARTICLE 231 DISOBEDIENCES DURING INTERRUPTED TIME

1. The time of a round is interrupted only under the provisions of JRs Art. 232 and 233. The clock is not stopped in the event of a deviation from the course, a Run-out or a Refusal.

FEI JUMPING RULES

2. Disobediences are not penalised during interrupted time, except for the second Refusal following a Refusal with a knock-down.
3. The provisions concerning Elimination remain in force during interrupted time.

ARTICLE 232 TIME CORRECTIONS

1. If, as the result of a Disobedience, an Athlete displaces or knocks down any obstacle or a flag defining the limits of the water jump, of a natural obstacle or in all cases where the nature of the obstacle is changed by knocking down the flag, the bell is rung and the clock is stopped until the obstacle has been rebuilt. When the obstacle has been rebuilt the bell is rung to indicate that the course is ready and that the Athlete can continue the round. The Athlete is penalised for a Refusal and a time correction of six seconds is added to the time taken by the Athlete to complete his round. The clock is restarted at the moment when the Horse leaves the ground at the obstacle where the Refusal occurred. If a Disobedience with the knock-down occurs at the second or subsequent part of a combination the clock is restarted when the Horse leaves the ground at the first element of the combination.

ARTICLE 233 STOPPING DURING THE ROUND

1. In the event of an Athlete not being able to continue his round for any reason or unforeseen circumstance, the bell should be rung to stop the Athlete. As soon as it is evident that the Athlete is stopping, the clock will be stopped. As soon as the course is ready again, the bell will be rung, and the clock will be restarted when the Athlete reaches the precise place where the clock was stopped; no penalty is incurred and six seconds are not added to the Athlete's time.
2. If the Athlete does not stop when the bell is rung, he continues at his own risk, and the clock should not be stopped. The Ground Jury must decide whether the Athlete is to be eliminated for ignoring the order to stop, or whether, under the circumstances, he should be allowed to continue. If the Athlete is not eliminated, and is allowed to continue his round, the Scores obtained at the obstacles preceding and following the order to stop will count.
3. If the Athlete stops voluntarily to signal to the Ground Jury that the obstacle to be jumped is wrongly built or if due to unforeseen circumstances beyond the control of the Athlete, he is prevented from continuing his round under normal circumstances, the clock must be stopped immediately.
 - 3.1. If the dimensions are correct and the obstacle in question has been properly built or if the alleged unforeseen circumstances are not accepted as such by the Ground Jury, the Athlete will be penalised as for stopping during the round (see JRs Art. 223.1) and the time of his round will be increased by six seconds.
 - 3.2. if the obstacle or part of the obstacle needs to be rebuilt or if the unforeseen circumstances are accepted as such by the Ground Jury, the Athlete is not penalised. The time of the interruption must be deducted and the clock stopped until the moment when the Athlete takes up his track at the point where he stopped. Any delay incurred by the Athlete must be taken into consideration and an appropriate number of seconds deducted from his recorded time.

ARTICLE 234 SPEED

1. The speeds for international Competitions are as follows:
 - 1.1. 350 m per minute minimum and 400 m per minute maximum. In indoor arenas the speed may be reduced to 325 m per minute.
 - 1.2. Puissance / Power and Skill Competitions: no minimum speed required.
 - 1.3. Grand Prix: 375 m per minute minimum and 400 m. per minute maximum outdoors and 350 m per minute indoors. In outdoor arenas measuring 65 m x 85 m or smaller the speed may be established at 375 m per minute.
 - 1.4. Nations Cup: 400 m per minute for 5* and 4* Nations Cup Competitions outdoors; 375 m per minute for 3* Nations Cup Competitions outdoors, 350 m per minute for 2* and 1* Nations Cup Competitions and also for all indoor Nations Cup Competitions.

FEI JUMPING RULES

CHAPTER VI TABLES OF PENALTIES

ARTICLE 235 FAULTS

1. Faults made between the starting line and the finishing line must be taken into consideration. Exception: A knock down of the last obstacle will be considered a fault if the upper element falls from one or both of its supports prior to the time the Athlete leaves the arena or until the bell is rung for the next Athlete to commence his round, whichever occurs first. Definition of Faults according to JRs Art. 217 and 218.
2. Disobediences committed during the time when the round is interrupted (see JRs Art. 231.3) are not penalised.
3. Disobediences, falls, etc., occurring between the signal to start and the moment the Athlete crosses the starting line in the correct direction, are not penalised.

ARTICLE 236 TABLE A

1. Faults are penalised in Penalty points or by Elimination according to the tables set out in this Chapter.

FAULT	PENALTY
(i) First Disobedience	Four Penalties
(ii) Obstacle knocked down while jumping	Four Penalties
(iii) One or more feet in the water jump or an imprint made by the foot or shoe on the lath defining its limits on the landing side	Four Penalties
(iv) First fall of Horse or Athlete or both in all Competitions	Elimination
(v) Second Disobedience or other infringement set forth under JRs Art. 241	Elimination
(vi) Exceeding the time limit	Elimination
(vii) Exceeding the time allowed in the first and second rounds and jump-offs not against the clock	One Penalty for every four seconds commenced
(viii) Exceeding the time allowed in a jump-off against the clock	One Penalty for each second or commenced fraction of a second

2. Penalties for the Disobediences accumulate not just at the same obstacle, but throughout the entire round.

ARTICLE 237 SCORES UNDER TABLE A

1. Adding the Penalties for Faults at the obstacles and the time Penalties, gives the Score obtained by the Athlete for his round. Time may be taken into consideration to separate equality for first place and/or following places according to the conditions set forth for the Competition.

ARTICLE 238 METHODS OF DETERMINING THE SCORES UNDER TABLE A

1. Competitions not against the clock

- 1.1. The Athletes with equality of Penalties share the prizes. Depending on the conditions of the Schedule, there may be one or two jump-offs not against the clock for those with equality of Penalties for first place.
- 1.2. This is a Competition not against the clock with a time allowed but in the event of equality of Penalties for first place there will be one jump-off against the clock. Other Athletes are placed according to their Penalties in the first round.
- 1.3. This is a Competition not against the clock with a time allowed but in the event of equality of Penalties for first place, there will be a first jump-off not against the clock and, in the event of further equality of Penalties for first place, there will be a second jump-off against the clock. Other Athletes are placed according to their Penalties in the first jump-off and if necessary in the first round.

2. Competitions against the clock

- 2.1. Athletes with equality of Penalties for any place are placed in accordance with the time taken to complete the round. In the event of equality of Penalties and time for first place, there may be a jump-off over a shortened course over obstacles, which may be increased in height and/or spread in accordance with the provisions of the Schedule.

FEI JUMPING RULES

- 2.2. This is a Competition against the clock, but in the event of equality of Penalties for first place, there will be one jump-off against the clock. Other Athletes are placed according to their Penalties and time in the first round. For minor Competitions (see GRs) the jump-off may be run according to table C, if thus provided in the Schedule.
- 2.3. This is a Competition against the clock as for 238.2.2, but if, in the first jump-off against the clock there are Athletes with equal Penalties for first place, there will be a second jump-off against the clock. Other Athletes are placed according to their Penalties and time in the first jump-off and if necessary according to their Penalties and time in the first round.
3. In all Competitions when the placings are determined against the clock, in the event of equality of Penalties and time for first place, a jump-off may take place, over a shortened course over obstacles which may be increased in height and/or in spread, depending on the provisions of the Schedule. If no provision for a jump-off is set forth in the Schedule, it is considered that the Competition will be run with no jump-off (see JRs Art. 245.6).
4. In no circumstances may the number of jump-offs in the same Competition under JRs Art. 238.1.1 and 238.2.1 exceed two (see JRs Art. 245.4).

ARTICLE 239 **TABLE C**

1. Faults under Table C are penalised in seconds which are added to the time taken by the Athlete to complete his round or by Elimination.
2. Penalties under Table C

FAULT	PENALTY
Obstacle knocked down while jumping, one or more feet in the water jump or on the lath defining its limits on the landing side;	Four seconds (three seconds for two-phase Competitions, knock-out Competitions and for any jump-off under table C) An exception may be permitted by the FEI Jumping Director allowing indoor Competitions to be run with two seconds added for a knock down.
(i) First Disobedience	None
(ii) First Disobedience, with a knock down and/or displacing of an obstacle	Time correction of six seconds
(iii) Second Disobedience or other infringement set forth under JRs Art. 241	Elimination
(iv) First fall of Horse or Athlete or both in all Competitions	Elimination

3. There is no time allowed under Table C. The following time limits are applicable:
 - (i) Three minutes, if the length of the course is 600 m or more, OR
 - (ii) Two minutes, if the length of the course is less than 600 m.

Exceeding the time limit	Elimination
--------------------------	-------------
4. Scores under Table C

Adding, the time of the round (including the seconds for time correction if any), plus four seconds for each obstacle knocked down (three seconds during a jump-off or the second phase of a two-phase Competition), gives the Score obtained, in seconds, by the Athlete for his round.
5. Athletes wishing to school in speed Competitions under Table A or C, must inform the OC before the Competition commences. Those wishing to school will start first in the Competition. Athletes not complying with the above may be eliminated by the Ground Jury (see JRs Art. 241.4.4).
6. In the event of equality for first place, the Athletes will be placed equal first, unless there is specific provision for a jump-off in the Schedule of the Event.

FEI JUMPING RULES

ARTICLE 241 ELIMINATIONS

1. Unless otherwise specified in the Rules or in the conditions for the Competitions, Elimination means that the Athlete with the Horse in question may not continue in the Competition at issue.
2. The Athlete has the right to jump one single obstacle, after retiring or after being eliminated, providing that obstacle is part of the course of the current Competition. This, however, does not apply to Elimination arising from a fall.
3. The following paragraphs lay down the reasons for which Athletes are eliminated in Jumping Competitions. The Ground Jury must enforce Elimination under the following circumstances:

ARTICLE 242 DISQUALIFICATIONS

- 1. Disqualification means that the Athlete, the Horse(s), and/or a combination of both is/are disqualified from the Competition at issue or from the entire Event. Disqualification may also be retroactive.
- 2. The Ground Jury may impose Disqualification in the following cases:
 - 2.1. entering the arena on foot once the Competition has started;

FEI JUMPING RULES

- 3.2 It is forbidden to jump unauthorised obstacles in any place on the showground or to leave the showground with the horse for any purpose during the period of the Event. This will result in Disqualification.

ARTICLE 243 ABUSE OF HORSES (SEE ALSO GRs ART. 142)

1. All forms of cruel, inhumane or abusive treatment of Horses, which include, but are not limited to various forms of rapping, are strictly forbidden (see JRs Art. 242.2.8).

Any act or series of actions that in the opinion of the Ground Jury can be deemed abuse of a Horse shall be penalised according to the GRs with one or more of the following penalties:

- (i) Yellow Warning Card (see GRs Art. 142);
- (ii) Fine;
- (iii) Elimination;
- (iv) Disqualification.

2. The following is considered abuse of a Horse:

2.1 Rapping Horses

The term "rapping" is construed to include all of the artificial techniques intended to induce the Horse to jump higher or more carefully in Competitions. It is not practical to list every possible means of rapping, but in general it consists of the Athlete and/or dismounted assistants, for whose behaviour the Athlete is responsible, either hitting the Horse's legs manually with something (no matter with what or by whom) or deliberately causing the Horse to hit something itself, whether by building obstacles too large and/or too wide, setting false ground lines, placing trotting poles or the elements of a combination at a false distance, intentionally pulling or pushing the Horse into an obstacle or otherwise making it difficult or impossible for the Horse to negotiate the practice obstacle without hitting it.

In the case of rapping or any other abusive schooling practice within the period of jurisdiction of the Ground Jury, the Athlete and the Horse concerned will be disqualified from all Competitions for at least 24 hours. In addition, the Ground Jury may take any further action it deems appropriate under the circumstances, including, but not limited to, disqualifying the Athlete and/or Horse from the entire Event.

2.2 Excessive use of the whip

- The whip may not be used to vent an Athlete's temper. Such use is always excessive;
- The whip is not to be used after Elimination;
- The whip is never to be used overhand, (for example a whip in the right hand being used on the left flank). The use of a whip on a Horse's head is always excessive use;
- A Horse should never be hit more than three times in a row. If a Horse's skin is broken, it is always considered excessive use of the whip;

An Athlete identified as misusing or excessively using the whip will be disqualified and may be fined at the discretion of the Ground Jury.

2.3 Other Forms of Abuse

Abuse of a Horse in any other form (such as, but not limited to, hypersensitising or desensitising the limbs, the use of banned schooling methods, excessive use of spurs and other cases as specified in the VRs or any other FEI rules and regulations) is also prohibited and must be penalised appropriately under these rules.

ARTICLE 244 BOOT AND BANDAGE CONTROL

1. Stewarding – Boot and Bandage Control (see also JRs Art. 257.2.3 and VRs Art. 1025.18, 1025.19 and 1035)

It is obligatory to carry out boot and bandage control on all Horses taking part in the Grand Prix, Nations Cup Competition, and during the Competition with the highest prize money at each Event. It is also recommended that boot and bandage control be carried out during other Competitions. Refer to the VRs and to the Jumping Stewards Manual for the procedure for boot and bandage control.

FEI JUMPING RULES

CHAPTER VIII JUMP-OFFS

ARTICLE 245 JUMP-OFFS - GENERAL

1. Only Athletes who are in equal first place after one or several preliminary rounds of the same Competition may take part in a jump-off. Athletes must start the same Horse in the jump-off as in the initial round.
2. In principle a jump-off must take place under the same rules and Table as the original Competition and the rules for jump-offs in that type of Competition. However, the jump-off from a minor Table A Competition may be judged under Table C, providing it is specified in the Schedule. In any case, all jump-offs must be held immediately after the original round(s) of the Competition.
3. If specified in the Schedule the OC may decide that Athletes, who have completed their preliminary round without Penalties, must proceed to the jump-off immediately following their preliminary round. In this case, the bell must be rung again to signal the Athlete to start the jump-off course, during which the 45-second rule set forth in JRs Art. 203.1.2 applies. Athletes qualified for the jump-off are not allowed to leave the arena between their preliminary round and the jump-off. This type of jump-off is only allowed for Competitions under table A, according to JRs Art. 238.1.2 and 238.2.2 and is not authorised for a Grand Prix Competition or for the Competition with the highest prize money. If there are no clear rounds in the preliminary round, the classification is established according to JRs Art. 238.1.1 or 238.2.1 as applicable.
4. Unless otherwise set forth in these JRs (Power and Skill Competitions) no Competition may involve more than two jump-offs.
5. The order of starting in the jump-off(s) must remain the same as the order of starting fixed for the round preceding the jump-off, except where otherwise specified in the Schedule or the JRs.
- 5.1 The order of starting in the jump-off of an individual Competition counting for the Longines Rankings may be established in reverse order of the Athletes' times in the previous round as an alternative to the same starting order used in the previous round. The method of establishing the starting order in the jump-off must be stated in the Event Schedule; if not specified, the starting order will be the same as in the previous round.
- 5.2 Horses which lose a shoe prior to starting in the initial round of a one round Competition with a jump-off will be given a later starting position. In a jump-off a Horse that loses a shoe prior to starting will be given a new starting place three positions later. If the Horse in question has not had its shoe replaced by that time, the Ground Jury will decide whether, at its discretion, the Horse in question should receive a later starting place or be eliminated.
6. In the event of equality of Score for the first place, a jump-off may take place according to the provisions of the Schedule. If no provision for a jump-off is set forth in the Schedule, it will be considered that the Competition is run with no jump-off.

ARTICLE 246 OBSTACLES IN THE JUMP-OFF

1. The obstacles in the jump-off(s) may be altered in height and/or spread (partially or totally), without exceeding the limits set forth in JRs Art. 208.5. However, the dimensions of the obstacles in the jump-off may only be increased if the Athletes sharing first place have completed the previous round without jumping Penalties.
2. If the original course includes combination(s), the jump-off(s) must also include at least one combination.
3. The number of obstacles in a jump-off may be reduced to a minimum of six (combinations count as one obstacle).
4. The shape, the type and the colour of the obstacles for a jump-off may not be altered, but it is permitted to leave out one or more of the elements of a combination obstacle. If the combination obstacle is a treble or a quadruple, the centre element(s) only may not be omitted.
5. The order of the obstacles for a jump-off may be altered, compared to the original course.
6. In a jump-off, the distance between the elements of a combination obstacle may never be altered.
7. A maximum of two additional single obstacles may be added to the course of a jump-off. Both obstacles must be on the course during the course inspection or will be built from obstacles of the previous round or rounds. These obstacles may consist of two spread or two vertical obstacles or one spread and one vertical. It must be clearly indicated both on the course plan and at the obstacle(s) in question, whether the obstacle(s) may be jumped from either side or just from one side. If an obstacle included in the previous round(s) is jumped from the opposite direction in the jump-off, the obstacle is considered as one of the two additional obstacles allowed. A vertical in the first or second round may be converted to a spread obstacle or vice-versa in the jump-off, in which case it will be considered one of the two additional obstacles.

ARTICLE 247 ELIMINATION OR WITHDRAWAL FROM A JUMP-OFF

1. An Athlete who is eliminated in a jump-off will be placed last of the Athletes who have completed the jump-off.
2. An Athlete, who with the permission of the Ground Jury withdraws from a jump-off, must always be placed after an Athlete eliminated or who retires for a valid reason on the course. Athletes, who retire for no valid reason or who have themselves eliminated on purpose are placed equal with Athletes, who have withdrawn from the same jump-off.
3. If before a deciding jump-off, two or more Athletes decline to take part in the jump-off, the Ground Jury will decide whether this Refusal can be accepted or must be rejected. If the Ground Jury accepts the Refusal, the OC will award the trophy by lot and the prize money will be added together and shared equally between the Athletes. If the Ground Jury's

FEI JUMPING RULES

instruction to continue is not followed by Athletes, no trophy will be awarded and the Athletes will each only receive the prize money and the lowest placing for which they would have jumped-off.

FEI JUMPING RULES

CHAPTER IX PLACING

ARTICLE 248 INDIVIDUAL PLACING AND PRIZE GIVING

1. The placing of an individual Athlete is decided according to the table in use and the instructions of the general programme for the Competition or amendments noted on the course plan.
2. Any Athlete who has no chance of being placed may, at the discretion of the Ground Jury, be stopped at any time during his round.
3. Athletes who are unable to complete the first round of a Competition have no right to any prize, except in certain special Competitions.
4. Prize winners of qualifying Competitions retain the prizes they have won even if they decline to take part in the final Competition for which they have qualified.
5. Prize winners must take part in the prize giving ceremony and should do so with the placed Horses. The Ground Jury, however, for safety reasons, may make exceptions. If a prize winner fails, without plausible excuse to take part at the prize giving ceremony, the Ground Jury, at its discretion, may decide to allow the OC to withhold the Athlete's prize. Therefore, the OC must publish in the Schedule and programme the number of prize winners required to take part in the ceremony. If the Schedule or programme does not indicate the number that must be present, then all Athletes and Horses placed must attend the prize-giving ceremony.
6. With the exception of Horse rugs presented by sponsors of Competitions, rugs may not be worn at prize-giving ceremonies. The Ground Jury, under special circumstance, may, however, decide to relax this rule.

FEI JUMPING RULES

CHAPTER X ATHLETES AND HORSES

ARTICLE 249 INVITATIONS TO CSIOS

1. The official invitation sent to the NF must be extended to an official team comprising a Chef d'Equipe, a Team Veterinarian, a minimum of four and a maximum of six Athletes, a minimum of eight and a maximum of 15 Horses and one groom per Athlete.

If OCs invite teams consisting of four Athletes and eight Horses the total number of invited foreign Athletes cannot be less than the number invited the previous year.

Three official teams at least (including that of the host NF) must participate for the Event to be considered as a CSIO.

If less than five NFs have entered teams for a CSIO, the invitation may be extended to include two teams per NF (including the host team). Before the start of the Event, at the latest at the technical meeting, each NF with two teams must decide which team competes for FEI Nations Cup™ points.
2. CSIO Events in Europe

If ten or more teams are invited (host team included), the OC may invite foreign individual Athletes in accordance with JRs Art. 249.5.

If eight or nine teams are invited (host team included), only three foreign individual Athletes (maximum) may be invited.

If seven or less teams are invited (host team included), no foreign individual Athletes may be invited.
3. CSIO Events in North America

If five or more teams are invited (host team included), foreign individual Athletes may be invited in accordance with JRs Art. 249.5.

If four teams are invited (host team included), only a maximum of two foreign individual Athletes may be invited.

If there are less than four teams invited (host team included), no foreign individual Athletes may be invited.
4. In the draft Schedule, each OC will be required to mention the names of NFs to be invited, plus the names of at least three reserve NFs, in case any of those invited cannot accept the invitation. Upon receipt of a Refusal, the OC must contact immediately one of the NFs on the reserve list. It is recommended that each OC uses double entry dates for nominated entries, in case invited NFs drop out. The OCs of events that are part of the FEI Nations Cup™ series must invite teams in accordance with the specific rules for that series.
5. One or two individual Athletes in addition to those belonging to the teams or to NFs which cannot send a complete team may be invited under the same conditions as the official teams. No personal invitations are allowed for individuals at CSIO Events.
6. The maximum number of individual Athletes of the host NF allowed to compete in CSIOs of all categories (with the exclusion of FEI Nations Cup™ Division 1 Events) is 30; the maximum number of Athletes in the official Teams is six.
 7. CSIO Events with a 5*/4* Nations Cup, must at least invite seven foreign teams. Only in very exceptional circumstances and with the express permission of the FEI Secretary General, may fewer foreign teams be invited.
8. The FEI has the right to nominate one of the foreign teams to be invited by the OC as a wild card.

ARTICLE 250 INVITATIONS TO CSIS

1. For CSIs, it is the responsibility of the OC with the approval of its NF to lay down in the Schedule and the invitation, the number of individual Athletes and Horses to be invited. Refer to Annex V for the CSI Invitation Rules.

ARTICLE 251 ENTRIES (see also GRs Art. 116)

1. All Athletes and Horses must be registered with the FEI, their own NF, and where appropriate with their host NF (CSI1* and CSI2* Events), before they can be permitted to take part in International Events, with the exception of the FEI World Challenge Competitions (see also GRs Art. 113).
2. The number of Horses that may be entered for an Event must be in accordance with the Schedule and the JRs.
3. All Athletes invited or nominated for an International Event may only be entered by their NF. It is the NF's responsibility to ensure that Athletes are of the required age for the Event in which they are entered. All foreign Athletes selected by their NF, in accordance with the JRs and as specified in the Schedule, must be accepted by the OC. OCs may not accept any other entries other than those received from NFs.
4. NFs are responsible for selecting and entering qualified Horses. This includes the fitness and capability of the Horses to participate in the Competitions for which they are entered. It is the NF's responsibility to ensure that Horses are of the required age for the Event in which they are entered.
5. The number of teams and individual Athletes allowed to be entered to take part is set forth in the JRs.
6. NFs may only enter Athletes for World Championships and Olympic Games who are qualified under conditions decided by the Jumping Committee and approved by the Bureau and, where appropriate, the IOC.

FEI JUMPING RULES

7. If NFs enter more Athletes and Horses than the number allowed in the official team, the Chef d'Equipe must designate the Athletes and Horses selected for the official team at the latest following the first Horse inspection.
8. Under no circumstances may the OC limit the number of entries of eligible Athletes or teams for a Championship. The Bureau may limit the number of entries if deemed necessary.
9. Entries for Championships and Games must be made following the compulsory three phases outlined under GRs Arts. 116.4.1, 116.4.2 and JRs Art. 251.9.3. For other Events up to and including CSIOs GRs Art. 116.4.2 (Nominated Entries) is optional but other deadlines may be requested by the NF/OC in the Schedule.
- 9.1. Entries in principle - See GRs Art. 116.4.1.
- 9.2. Nominated entries - See GRs Art. 116.4.2.
- 9.3. Definite entries

Must be received by the OC by the date mentioned in the Schedule. This date may not be earlier than four weeks prior to the beginning of the Event and later than four days preceding the beginning of the Event. These represent the final selection of Athletes and Horses that will travel to the Event. The definite entries may not exceed the number listed and must be chosen from the list of names on the nominated entries. Following receipt of the definite entries, substitutions of Horses and/or Athletes may only be made with the express permission of the OC. The OC must print in the Schedule the latest date for substitution of Horse (s) and Athlete(s), which may not be later than the day of the Horse inspection.
10. Entry forms must include the information as stipulated in GRs Art. 116.5. The Athlete's year of birth must also be included.
11. Should an NF send more Athletes and/or Horses than shown in the nominated entry the OC is not obliged to accommodate them or to allow them to participate in that Event even if the JRs and Schedule would allow such participation (GRs Art. 116.6).
12. At an Event, an Athlete may withdraw any or all his Horses from a Competition, but he may not add a Horse not previously entered for that Competition without the approval of the OC and the Ground Jury (GRs Art. 116.7).
13. Where an NF has made a nominated entry of a team and finds that it will be unable to send a team, it must immediately inform the OC (GRs 116.8).
14. Teams or individual Athletes who have been definitely entered by their NFs at any Event and fail to take part without valid excuse must be reported by the Foreign Judge/Technical Delegate to the FEI Secretary General for consideration by the FEI Tribunal. In the absence of a satisfactory explanation, NFs having made entries in principle and having not been represented by Athletes may be fined. Competing at another Event staged at the same time does not constitute a valid excuse for failure to participate at an Event. However, and notwithstanding anything to the contrary in the GRs, if a definitely entered CSI-Athlete is selected to replace a CSIO-Athlete (unable to compete for a valid reason) on the same weekend, this late nomination will be considered a valid excuse for failure to participate in the originally foreseen CSI.
15. An NF may not make definite entries for the same Athlete to more than one OC on the same weekend on Penalty of disqualification of the Athlete from the Events in which he participates unless and notwithstanding anything to the contrary in the GRs both OCs concerned have given their agreement (Exception see JRs Art 251.14). The Horse(s) of Athletes entered in more than one Event on the same weekend must be present at the first Horse Inspection of the respective Events (see also JRs Art. 280.2.1.1).
16. Withdrawals after the date of definite entries or no-shows will be liable to reimburse the OC for the financial loss incurred by the OC (i.e. stabling and hotel Expenses) as a result of late withdrawal or no-show.
17. National Jumping Events: see GRs Art. 101.3.

ARTICLE 252 STARTING ORDER

1. The draw for the starting order.
 - 1.1. Championships/CSIO – Team and Individuals
 - 1.1.1 A draw will first take place to determine the order of starting of the individual Athletes entered in addition to teams, regardless of their nationality.
 - 1.1.2 A second draw will then take place to decide the order in which the NFs, which have entered teams, will start. Each Chef d'Equipe will then fix the order in which he wishes his team Athletes to start in the order of the NFs. These Athletes will be inserted in sequence in the remaining spaces between the individual Athletes.
 - 1.1.3. If an individual Athlete has more than one Horse taking part in a Competition, the Ground Jury will adjust the starting order in such a manner that if possible an interval of at least ten Athletes is provided between these individual Horses.
 - 1.1.4. If a Chef d'Equipe decides to change the Athletes and Horses after the starting order has been published, it is possible that one Athlete must ride two Horses too close together. In this case the Chef d'Equipe must inform the Ground Jury or the OC at least one hour before the start of the Competition. The Ground Jury may then alter the starting order as far as this Athlete only is concerned.
 2. In CSIOs and CSIs, there must be a draw for the order of starting of the Athletes. When doing so the nationality of the Athletes must be considered so as not to allow two Athletes of the same foreign NF to start consecutively. If it happens that one or more Athletes have to ride two Horses too close together, the Ground Jury on its own authority or on request of the Athlete or of the Chef d'Equipe may alter the order of starting as far as these Athletes only are concerned.
- 3 The starting order may not be drawn in alphabetical order of the names of the Athletes or of the Horses.

FEI JUMPING RULES

4. For team Competitions, a separate draw must take place each time.
5. Rotating the starting order in individual Competitions

Rotation is mandatory but the system of rotation to be applied is at the discretion of the OC. In order to achieve the rotation of the starting order in the individual Competitions included in the programme, it is recommended that the procedure as set forth below be followed.

 - 5.1. At Events where the Athletes are allowed to ride two or three Horses in individual Competitions, the following procedure is acceptable to achieve rotation of the starting order in the individual Competitions included in the programme:
 - 5.1.1. if the Schedule provides that the same Horse is allowed to take part in more than one individual Competition per day and throughout the Event, the number of Horses must be divided by the number of individual Competitions;
 - 5.1.2. if the Schedule provides that the same Horse is allowed to take part in only one Competition per day and throughout the Event, the number of Horses must be divided by the number of days on which individual Competitions take place.
 - 5.2. At Events where the Schedule provides that Athletes are allowed to ride only one Horse in each individual Competition, the Athletes are drawn and their Horses carry successive numbers:

First Athlete: 1, 2, 3 (number of his Horses)
Second Athlete: 4, 5

The rotation follows the same procedure as in paragraph 5.1.1 and 5.1.2 above, but in this case the number of Athletes must be divided by the number of individual Competitions or by the number of days on which individual Competitions take place.
6. Order of starting in Grand Prix Competitions

The title "Grand Prix" may only be used once for each category, e.g. CSIY, CSIJ, CSI3* etc, during an international Jumping Event. The starting order for all Grand Prix Competitions must be established according to one of the following methods:

 - 6.1 the order of start is determined by a separate draw.
 - 6.2 if there is a special ranking for the best Athlete or the best combination Athlete/ Horse at the Event, the ranking in reverse order before the Grand Prix may be used as the order of starting;
 - 6.3 The OC may divide Athletes into three groups. There must be a draw to establish the starting order in each group. The top Athletes on the Jumping Rankings are permitted to start in the last group.

The President of the Ground Jury must be present during the draw.

The method to be used must be mentioned in the Schedule.

ARTICLE 253 DECLARATION OF STARTERS

1. At CSIOs, on the day before the first Competition, the Chefs d'Equipe will designate in writing to the OC the members of their team (Athletes and Horses) and the names of individuals Athletes together with the names of their Horses (see JRs Art. 249). In the event of accident or illness preventing an Athlete and/or his Horse being declared as a starter in the team, Chefs d'Equipe may substitute for him/them from among the individuals Athletes (if there are any), one hour at the latest before the start of the first Competition of the Event. An Athlete or a team Horse, which has been substituted, may not start as an individual. At all Events, Chefs d'Equipe (CSIOs) or individual Athletes (CSIOs, CSIs) will declare to the OC at a time fixed by the OC the starters for the next day's Competitions.

ARTICLE 254 PARTICIPATION AND NUMBER OF HORSES

1. Age of Horses
 - 1.1. Horses entered for Olympic Games and World Championships must be at least nine years of age. Horses entered in Continental Championships, FEI World Cup™ Finals, Regional Games and Regional Championships must be at least eight years of age. As an exception, Horses may be entered in Regional Games and Regional Championships from the age of seven years, providing the height of obstacles in these Regional Games and Championships does not exceed 1.40 m. Horses entered for CSIO3*-5*Events, CSI3*-5* Events and all FEI World Cup™ Events except the FEI World Cup™ Final must be at least seven years of age. However, CSIs for Young Horses from the age of six years may be held at these Events. Horses entered for CSIO1* and CSI1*- 2* Events must be at least six years of age. Horses entered for CSIO2* Events at which the Nations Cup Competition is built to the dimensions set forth in JRs Art. 264.3 for 2* Events must be at least six years old; Horses entered in CSIO2* Events at which the Nations Cup Competition is built to the dimensions set forth in JRs Art. 264.3 for 3* Events or higher must be at least seven years old.
 - 1.2. Age of Horses – Northern and Southern Hemispheres
 - 1.2.1. National Events

Horses from the Southern Hemisphere competing in the Northern Hemisphere should be permitted to take part in National Competitions for Horses one year younger, as their official birth date is 1 August. Horses from the Northern Hemisphere competing in the Southern Hemisphere should be permitted to take part in Competitions for Horses one year older, as their official birth date is 1 January.

FEI JUMPING RULES

- 1.2.2. International Competitions for Young Horses (five*/six /seven/eight year olds) *Competitions for five year old Horses may only be held at the FEI World Breeding Jumping Championships for Young Horses, unless special authorisation has been granted by the FEI.

Horses from the Southern Hemisphere competing in international Young Horses Competitions in the Northern Hemisphere will be permitted to take part in Young Horses Competitions for Horses one year younger as their official birth date is 1 August (e.g. an eight year old Horse from the Southern Hemisphere will compete in the seven year old category in the Northern Hemisphere). Horses from the Northern Hemisphere competing in international Young Horses Competitions in the Southern Hemisphere will be permitted to take part in Young Horses Competitions for Horses one year older as their official birth date is 1 January (e.g. a five year old Horse from the Northern Hemisphere will compete in the six year old category in the Southern Hemisphere).

2. The Schedule must specify the number of Horses allowed for each Athlete at CSIOs and CSIs but this number must be limited to a maximum of three. CSI or CSIO Events may include Competitions for Young Horses open only to the Athletes entered in the CSI or CSIO; for these Competition Athletes may enter two Horses in addition to the three Horses allowed for the CSI or CSIO. Participation of these additional Horses is limited to the Young Horses Competitions only. At Events where several CSIs of different categories are organised on the same weekend the number of Horses per Athlete must be limited to three per Category. Separate CSIs for Young Horses (CSIYH) may be organised at these Events; Athletes entered in the CSIYH are allowed to enter three Horses specifically for the Young Horses Competitions. The above does not apply to CSI Events held at the same venue over several consecutive weekends; for these Events each Athlete may start a maximum of four Horses in each category (Small/Medium/Big Tour) during each CSI. A maximum of six Horses per Athlete may be entered for the CSIYH Competitions, of which maximum three may start in each age category per CSI. If the Schedule includes a Six-Bar and/or Puissance Competition, a Derby and/or a special Competition for stallions, the Schedule may allow an additional Horse for each of these Competitions. Participation of these additional Horses is limited to these Competitions only.
3. At CSIOs the Chefs d'Equipe have the right to make changes to the Horses belonging only to the official team throughout the duration of the Event, on condition that each Athlete rides the maximum number of Horses as specified in JRs Art. 254.2. A change made in this manner is irreversible.
4. Changing Horses by individuals at CSIOs and CSIs is allowed only if they belong to the same NF, and conform to the number of Horses each individual Athlete is allowed to ride during the Event in accordance with the provisions of the Schedule. A change made in this manner is irreversible.
5. At CSIOs each Athlete may ride only one Horse in the Grand Prix or, if there is no Grand Prix, in the Competition with the highest prize money. If there is a Grand Prix Competition and another Competition with the same prize money as the Grand Prix or with higher prize money, the Athlete may ride only one Horse in each of these Competitions, except when this Competition is a Derby, in which case more than one Horse per Athlete may be ridden.
6. The above paragraph also applies at CSIs. However, if in the Grand Prix or in similar Competitions listed in paragraph 5 above, there are 30 Athletes or less entered, the OC may allow each Athlete to ride two Horses in the Competition concerned, provided that the total number of starters does not exceed the maximum allowed for the Grand Prix or Competition in question.

ARTICLE 255 CHILDREN, JUNIORS AND YOUNG RIDERS (REFER ALSO TO ANNEXES IX AND XII)

1. Subject to the exclusions mentioned in paragraphs 2 and 3 below, Athletes may, with the express permission of their NF, take part in certain Competitions for Seniors from the year in which they reach their 12th birthday.
2. A Junior or Pony Rider or Child may never ride in Competitions for their category and in a Senior Competition, a Competition for Amateurs or a Competition for Young Horses at the same Event.
3. Before the year in which they reach their 18th birthday Athletes may not take part in:
 - a Grand Prix at a CSI3* to CSI5*;
 - a Grand Prix at a CSIO1* to CSIO5*;
 - a Nations Cup Competition at CSIO1* to CSIO5*;
 - an FEI World Cup™ Competition;
 - a Power and Skill Competition;
 - a Derby;
 - the Competition with the highest prize money at a CSI3* to CSI5* and CSIO1* to CSIO5* if this is not one of the Competitions listed.
- 3.1 From the year in which they reach their 12th birthday until the end of the year in which they reach their 13th birthday Athletes may take part in certain Competitions at CSI and CSIO 1* to 5* Events providing the height of obstacles in the initial round does not exceed 1.30 m. (NB: A separate classification must be established for Children Athletes as prize money for Children's Competitions is not allowed.)
- 3.2 From the year in which they reach their 14th birthday until the end of the year in which they reach their 15th birthday Athletes may participate in all Competitions at CSI1* Events, and in certain Competitions at CSI and CSIO 1* to 5* Events providing the height of obstacles in the initial round does not exceed 1.40 m.
- 3.3 From the year in which they reach their 16th birthday, Athletes may participate in all Competitions at CSI1* and CSI2* Events. The Athlete is not penalised for halting to retrieve his Headgear and/or refasten the retention harness, but the clock will not be stopped. An Athlete who jumps or attempts to jump an obstacle with a retention harness incorrectly fastened will be eliminated unless the circumstances rendered it unsafe for the Athlete to stop immediately in order to refasten the harness (e.g. if the harness becomes unfastened in the middle of a combination or one or two strides before the obstacle in question. As an exception to this rule Senior Athletes may be allowed to remove their Headgear while accepting prizes or during the playing of the National anthem only; they must refasten their Headgear prior to the lap of honour.
- 1.5. Civilians are required to wear the uniform or dress approved by their NF, a red coat or a black coat, white or light fawn breeches, black or brown boots. - 1.9. Disputes about colours are to be referred to the FEI Secretary General whose decision is final.

2. Salute

- 2.1. In all Competitions that take place in an arena under the jurisdiction of a Ground Jury, each Athlete must salute the President of the Ground Jury as a matter of courtesy, unless the President of the Ground Jury gives other instructions. The Ground Jury may refuse to start an Athlete who has not saluted. The Ground Jury may also fine the Athlete (see JRs Art. 240.2.7). For special reasons the Ground Jury, in consultation with the OC, may decide whether or not Athletes are required to salute prior to the commencement of each Competition. The OC in agreement with the President of the Ground Jury must instruct the Athletes to salute Heads of State when present, and may do so if there is a special guest occupying the official box.

FEI JUMPING RULES

CHAPTER XII COMPETITIONS

ARTICLE 260 GENERAL

1. There are many different Jumping Competitions for both individuals and teams. The following provisions cover the types of Competitions, which are mostly used at international Events.
2. OCs may propose new types of Jumping Competitions to encourage variety in the sport. However, any Competition covered by this Chapter must be run strictly according to these JRs.

ARTICLE 261 NORMAL COMPETITIONS AND GRAND PRIX COMPETITIONS

1. Normal and Grand Prix Competitions (the latter must be explicitly designated in the Schedule) are those in which performance over obstacles is the principle factor although speed may be introduced to separate equality for first place by a first jump-off or by a maximum of two jump-offs.
2. These Competitions are judged under Table A against or not against the clock, but always with a time allowed.
3. The course is built primarily to test the ability of the Horse over the obstacles. The number of obstacles, their type, their height and spread, within the set forth limits, are the responsibility of OCs.
4. Qualification for Grand Prix
 - 4.1 If qualification conditions for Athlete/Horse are scheduled for the Grand Prix at a CSIO, it is compulsory that the formula given below is referred to.

The following are automatically qualified for the Grand Prix at CSIOs, if present as official team members or individual:

 - 4.1.1 The individual medal winners (Athletes) of the last Olympic and Pan American Games, of the last World and Continental Championships and the first placed Athlete/Horse combination in the last FEI World Cup™ Final.
 - 4.1.2 Eligible to participate in Grand Prix Competitions at 5* CSIO Events are the winners (Athlete/Horse combination) of the Grand Prix at any 5* CSIO Event during the previous 12 months.
 - 4.1.3 Eligible to participate in Grand Prix Competitions at 4* CSIO Events are the winners (Athlete/Horse combinations) of the Grand Prix at any 4* or 5* CSIO Event during the previous 12 months.
 - 4.2 If qualification conditions for Athlete/Horse are scheduled for the Grand Prix at a CSI Event, it is compulsory that the formula given below is referred to. This does not apply to CSI events that are part of a series approved by the FEI Bureau.

The following Athletes (not Athlete/Horse combinations) are automatically qualified for the Grand Prix at CSI Events, if present:

 - 4.2.1 The winner of that Event's Grand Prix the previous year;
 - 4.2.2 The current National Champion of the host country;
 - 4.2.3 The individual medal winners of the last Olympic and Pan-American Games, the last World and Continental Championships and the winner of the FEI World Cup™ Final.
 - 4.3 If qualification conditions for Athlete/Horse are scheduled for the Grand Prix Competition at a CSIO or a CSI, it is compulsory that all qualifying Competitions are run under Table A against the clock or under Table A with one or two jump-offs.
 - 4.4 All Athletes qualified for the Grand Prix at a CSIO or a CSI, including those qualified under Articles 4.1 and 4.2 above, must complete, with their Grand Prix Horse, the initial round of at least one competition prior to the Grand Prix.
5. Grand Prix Competitions must be conducted in accordance with one of the following formulas:
 - 5.1. over one round with one or two jump-offs, the first or the second jump-off against the clock, or both against the clock; or
 - 5.2. over two rounds (identical or different) with one eventual jump-off against the clock; or
 - 5.3. over two rounds, with the second round against the clock.
6. At CSIO Events the Grand Prix Competition must be judged according to one of the following formulas:
 - 6.1. JRs Art. 238.2.2: one round against the clock with one jump-off against the clock; or
 - 6.2. JRs Art. 273.3.3.1 or 273.3.3.2: two rounds without a jump-off; or
 - 6.3. JRs Art. 273.3.1: two rounds and one jump-off.

The number of efforts in the first round must be limited to 15 and to nine in the second round.

ARTICLE 262 POWER AND SKILL COMPETITIONS

1. General
 - 1.1. The aim of these Competitions is to demonstrate the ability of the Horse to jump a limited number of large obstacles.

FEI JUMPING RULES

- 1.2. In the event of equality for first place, there must be successive jump-offs.
- 1.3. The obstacles of the jump-offs must always be the same shape, the same type and the same colour as in the initial round.
- 1.4. If, at the end of the third jump-off, there is no single winner, the Ground Jury may stop the Competition. After the fourth jump-off, the Ground Jury must stop the Competition. The Athletes left in the Competition are placed equal.
- 1.5. If, after the third jump-off, the Athletes do not wish to continue, the Ground Jury must stop the Competition.
- 1.6. There cannot be a fourth jump-off if Athletes have not had a faultless round in the third jump-off.
- 1.7. Time is never a deciding factor in the event of equality of Penalties. There is no time allowed and no time limit.
- 1.8. These Competitions are judged under Table A.
- 1.9. If it is not possible for Athletes to school in the practice arena, a practice obstacle must be placed in the arena. An optional obstacle is not allowed.
- 1.10. If the dimensions of the arena and the number of Athletes permit it, the Ground Jury may decide that the Athletes still in the Competition may remain in the arena after the first or second jump-off. In this case, the Ground Jury may decide to allow a practice obstacle.
2. Puissance
 - 2.1. The initial round will comprise from four to six single obstacles of which at least one must be a vertical obstacle. The first obstacle must be at least 1.40 m in height, two obstacles from 1.60 m to 1.70 m and one wall or vertical obstacle, which may vary from 1.70 m to 1.80 m in height. All combination obstacles, water jumps, ditches and natural obstacles are forbidden.

It is permissible to use a wall with a sloping face on the take-off side (maximum slope of 30 cm offset at the base).
 - 2.2. A vertical obstacle instead of a wall may be used, in which case, planks with a pole on top or a combination of planks and poles with a pole on top or all poles may be used as a substitute.
 - 2.3. In the event of equality for first place, there must be successive jump-offs over two obstacles, which must be a wall or a vertical obstacle and a spread obstacle (see JRs Art. 246.1).
 - 2.4. In the jump-offs, both obstacles must be increased regularly in height and the spread obstacle also in spread. The vertical obstacle or wall may be increased in height only if Athletes equal for first place have not been penalised in the preceding round (see JRs Art. 246.1).
3. Six Bar Competition
 - 3.1. In this Competition, six vertical obstacles are placed in a straight line about 11 metres apart from each other. They must be identically constructed and composed only of poles of the same type. The number of obstacles may be reduced depending on the size of the arena.
 - 3.2. All the obstacles may be kept at the same height, for example 1,20 m, or
 - 3.2.1 at progressive heights, for example 1.10 m, 1.20 m, 1.30 m, 1.40 m, 1.50 m, 1.60 m, or;
 - 3.2.2 the first two at 1.20 m, the next two at 1.30 m and so on.
 - 3.3. In the event of a Refusal or a Run-out, the Athlete must restart the course at the obstacle where the Fault was made.
 - 3.4. The first jump-off must take place over the six obstacles which must be raised unless the Athletes who are equal for first place have been penalised in the first round. After the first jump-off, the number of obstacles may be reduced to four but the distance between them must be kept at about 11 metres as required initially (the lower obstacles should be withdrawn).
4. Masters
 - 4.1. This is a Competition with an initial round and a maximum of four jump-offs. In the initial round, a course of six obstacles (including one double) is built at a maximum height of 1.50 m, maximum spread 1.40 – 1.70 m. In each jump-off, when the Athlete enters the arena, he selects one obstacle to be raised. The first fault eliminates the Athlete. In this case, the obstacle that has been raised is lowered to its height prior to being raised by the Athlete. The obstacles may only be raised a second time in the same jump-off providing all of the obstacles have already been raised and have not been lowered to their initial height for that jump-off.
 - 4.2. In case of equality of penalties after the 3rd jump-off, a 4th jump off against the clock, without altering the height of the obstacles, takes place among the Athletes concerned to decide the classification. The maximum height and spread in the 4th and final jump-off are: Height: 1.70m maximum – Spread: 2m maximum – Triple bar : 2.20m maximum.

ARTICLE 263 HUNTING COMPETITION OR SPEED AND HANDINESS COMPETITION

1. The aim of these Competitions is to demonstrate the Horse 's obedience, handiness and speed.
2. These Competitions are judged under Table C (see JRs Art. 239).
3. Courses must be twisting, with obstacles very varied (alternative obstacles allowed, giving the Athlete the opportunity to shorten his track, but by taking a more difficult obstacle).

FEI JUMPING RULES

Competitions over certain natural obstacles such as banks, slopes, ditches, etc. are called Hunting Competitions and must be so named in the Schedule. All other Competitions (of this type) are called Speed and Handiness Competitions.

4. No fixed track to be followed is set forth on the plan. The plan must only be marked with a series of arrows showing the direction in which each obstacle must be jumped.
5. Compulsory turning points are included only if absolutely necessary.

ARTICLE 264 NATIONS CUP

1. Organisation

The Nations Cup (also referred as "NC") is the official international team Competition. Its object is to compare the merit of Athletes and Horses from different NFs under the following conditions:

- 1.1 A Nations Cup may only be organised on the occasion of a CSIO. In principle, the European CSIO season is reserved for outdoor Events only, unless otherwise agreed by the Chair of the Jumping Committee together with the FEI Secretary General, in exceptional circumstances.
- 1.2 At least three NFs must take part in this Competition for it to be recognised as a Nations Cup.
- 1.3 If, for any reason, this Competition is organised under another name, the words "Nations Cup" must be added as a subtitle.
- 1.4 It is the only Competition in which official teams represent NFs and to preserve its special character, there must be no individual placing.
- 1.5 The total prize money must be at least equal to 50% of the amount provided for the Grand Prix Competition or for the Competition with the highest prize money unless the FEI Secretary General gives his approval for a modification to this formula.

Prize money must be awarded to all teams participating in the second round.

- 1.6 The Competition takes place over two rounds, over the same course during the course of the same day.
- 1.7 The Nations Cup is judged under Table A not against the clock with a time allowed in both rounds.

- 3.2. The course must include a water jump (optional in indoor arenas, where the spread may be less than indicated above). Refer to JRs Art. 211.1 and Annex VII for details relating to the construction of the water jump. Only in very exceptional circumstances and with the express permission of the FEI Secretary General it may be omitted. The measurements for the water jump given above include the take-off element.
- 3.3. No combination obstacle may require more than three jumping efforts, except in the case of permanent obstacles, banks, mounds or slopes at outdoor Events.

FEI JUMPING RULES

- 3.4. The course must include at least one double or one treble combination, but not more than three doubles or one double and one treble combination.
- 3.5. The length of the course in indoor arenas may be less than indicated above.
- 3.6. If the Ground Jury decides before the first or the second round that the course has been rendered impracticable as a result of unforeseen circumstances, it may direct that the dimensions of some obstacles be reduced or that they be moved slightly and/or that the required speed is reduced. In consultation with the Course Designer, the Ground Jury may also direct that the dimensions of some obstacles be increased for the second round, if it is deemed that the course of the first round was too easy.
4. Athletes
 - 4.1. A full Nations Cup team comprises four Athletes each riding the same Horse throughout the Competition. All members of each team must take part in the first round, except as stated in paragraph 4.2 below.
 - 4.2. If a team, comprising four Athletes, cannot improve its placing in the first or second round after its third Athlete has completed his course, the fourth Athlete may be withdrawn.
5. Participation

Participation in Nations Cup Competitions is subject to the following conditions:

 - 5.1. The Athletes and Horses are chosen from the official team, declared by the Chef d'Equipe before the first Competition. The Chef d'Equipe will, on the day preceding the Nations Cup, declare the four Athletes and Horses, including their starting order;
 - 5.2. When a team can only provide three Athletes and three Horses, its Chef d'Equipe must start his three Athletes and Horses;
 - 5.3. Except in circumstances beyond control recognised as such by the Ground Jury, participation in this Competition is compulsory for all NFs officially represented by at least three Athletes. A team that abstains or withdraws and thus fails to participate will be deprived of all prize money won during the whole Event. In addition, they will lose all right to living expenses;
 - 5.4. When three or more Athletes of the same nationality from a NF which is not officially represented have been entered as individuals, they must make up a team for the Nations Cup unless their NF has informed the OC seven days before the Event that these Athletes may not take part in the Nations Cup. In this case, the OC has the right to refuse the entries of these Athletes as individuals;
 - 5.5. In the event of an accident or illness to an Athlete and/or Horse, between the submission of the declaration and one hour before the start of the Competition, the Athlete and/or Horse may on production of a certificate from an officially recognised medical doctor and/or with the permission of the Veterinary Commission and after approval by the Ground Jury be replaced by another Athlete and/or Horse entered with the definite entries for the official team (see JRs Art. 253). In the event of substitution, the starting order remains unchanged.

If all NFs are permitted to enter individuals in addition to team members, substitution of an individual Athlete onto a team is permitted in the case of illness or accident where the maximum number of team members allowed to participate is four (see JRs Art. 253).
6. Order of starting
 - 6.1. The starting order of the teams in the first round is determined by a draw in the presence of the Ground Jury and the Chefs d'Equipe. The draw will take place at a time fixed by the OC in agreement with the Ground Jury.
 - 6.2. All the number ones start first in succession, then all the number twos and so on. The Chefs d'Equipe of teams comprising only three Athletes may choose in which of the three positions out of four they will start their Athletes.
 - 6.3. The starting order of the teams in the second round will be in the reverse order of the total Penalties in the first round of the best three Athletes in each team. In case of equality of Penalties the teams will retain the starting order of the first round.
 - 6.4. The Athletes in each team start in the same order as in the first round.
7. Number of teams and Athletes in the second round

At the discretion of the OC, the best six (minimum) to eight (maximum) teams after the first round take part in the second round with four Athletes per team, except otherwise provided in paragraphs 4.2 and 5.2 above. If there are fewer than six teams participating in the first round, all teams, if not eliminated in the first round, may take part in the second round with four Athletes per team.

Those teams equal on Penalties for sixth, seventh or eighth place (depending on the number of teams to take part in the second round) will be separated by the total times of the three best Athletes of each team in the first round.

The OC must decide during the draw for the Nations Cup whether the home team will return for the second round as an extra team, if it is not qualified among the six to eight teams eligible to take part. The home team will only be permitted to return for the second round, if there is a difference of not more than eight Penalties between the home team and the last qualified team for the second round.
8. Elimination and retirement
 - 8.1. If two or more Athletes of a team, participating with four Athletes in the first or second round, are eliminated or retire, the whole team is eliminated.

FEI JUMPING RULES

- 8.2. If one Athlete of a team, participating with three Athletes in the first or second round, is eliminated or retires, the whole team is eliminated.
- 8.3. If a team is qualified to take part in the second round, an Athlete eliminated in the first round may start in the second round.
- 8.4. A team, which is qualified to take part in the second round, may only withdraw from the second round with permission of the Ground Jury. In this case the team will not receive prize money. It will not be replaced by another team.
9. Placing and classification
 - 9.1 Classification of the teams not taking part in the second round is based on the total Penalties of the three best Athletes of each team in the first round. Teams with equality of Penalties are placed equal.
 - 9.2. Placing of teams after the second round is decided as follows:

The total Penalties of the best three Athletes per team in the first round are added to the total Penalties of the best three Athletes per team in the second round.

 - 9.2.1. In case of equality of Penalties for the first place, there will be a jump-off in which one Athlete per team will participate. The Chef d'Equipe determines which member of his team will participate in the jump-off. Any one of the four team members may take part in the jump-off.

The jump-off takes place against the clock over a minimum of six obstacles.

In case of equality of Penalties and time after the jump-off, the teams concerned will be placed equal first.

Teams with equality of total Penalties for other places are placed equal.
10. Nations Cup at other Events
 - 10.1. If a Nations Cup is organised at other Events, such as CSIOY, CSIOJ, CSIOCh or CSiop, the provisions mentioned under paragraph 7 above apply.

For the measurements of the obstacles and the course those given in the relevant FEI Rules and Regulations are applicable.
 - 10.2. However, in case of equality of Penalties for the first place, there will be a jump-off in which all team Athletes may take part. The jump-off takes place against the clock over a minimum of six obstacles.
 - 10.3. The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team.
 - 10.4. Teams with equality of total Penalties for other places are placed equal.

ARTICLE 265 SPONSOR TEAM AND OTHER TEAM COMPETITIONS

1. Sponsor Team Competitions

A Sponsor Team Competition must consist of three or four Athletes and be run according to the provisions set forth in the Schedule. Sponsor Team Competitions may not be arranged at CSIOs or CSI-W Events or Championships. Sponsor Team Competitions may not use any of the Nations Cup formulas.

Sponsor Team Competitions can be arranged either as separate Competitions or within a Competition also with an individual classification. Team Athletes participating in this type of Competition must be listed in the starting list for this Competition only by name and team rather than by name and NF. In order to take part in FEI Events Sponsor Teams must be registered with the FEI in accordance with the following provisions:

Corporations or organisations with the exception of political or religious organisations may sponsor a team consisting of minimum three Athletes to participate in special Sponsored Team Competitions or in Competitions with an individual classification. Each member of a sponsored team must have a written commercial agreement with the corporation or organisation under whose name said team competes.

The details according to which the Sponsored Team Competition is to be run will be provided in the Schedule.

The Sponsored Team Competitions, may never be called Nations Cup Competition or run according to any Nations Cup formula.

Team Athletes participating in this type of Competition must be listed for the Sponsored Team Competition only by name and team, any reference to their NF being omitted.

Sponsored Team as well as Rider Tour Teams are allowed to participate in any international Competition only if they are registered with the FEI and have paid the annual registration fee, which, for a team including up to four Athletes is ten thousand Swiss Francs (CHF 10,000).

For each additional Athlete per team a fee of one thousand Swiss Francs (CHF 1000) per year is payable. In the above amount protection of Sponsored Team jacket is included.

Sponsor Team Competitions may not be included in the program of CSIOs or CSI-W Events or Championships.
2. Other Team Competitions

FEI JUMPING RULES

Other Competitions for teams may be organised, according to the conditions in the Schedule. However, they may never be called Nations Cup Competition or Sponsor Team Competition. There can be no reference to representation of a nation.

ARTICLE 266 FAULT-AND-OUT COMPETITION

1. This Competition takes place against the clock over medium sized obstacles each with its own number. Combination obstacles are not allowed. The round finishes at the first Fault committed of whatever nature (obstacle knocked down, any Disobedience, fall, etc.).

When an obstacle is knocked down or when the fixed time is reached, the bell is rung. The Athlete must then jump the next obstacle and the clock is stopped at the moment when the Horse's forefeet touch the ground, but no points are given for the obstacle jumped after the bell has rung.
2. In this Competition bonus points are awarded: two points for an obstacle jumped correctly and one point for an obstacle knocked down.
3. When the Fault, which ends the round, is other than a knock down, such as Disobedience, a fall or when the Athlete does not jump the obstacle over which the clock must be stopped, the bell is rung. The Athlete is then placed last of those who have obtained the same number of points.
4. The winner of the Competition is the Athlete who obtains the greatest number of points. In the event of equality, the Athletes' times are taken into consideration and the Athlete with the fastest time will be declared the winner.
5. A Fault-and-Out Competition may be organised in two ways:
 - 5.1 Over a set number of obstacles:

When the Competition takes place over a maximum number of obstacles and the Athlete has jumped the last obstacle, the clock is stopped at the moment when the Athlete crosses the finishing line.

In the event of equality of points and time for first place only, there must be a Fault-and-Out jump-off over a limited number of obstacles.
 - 5.2 With a fixed time of 60 to 90 seconds (45 in indoor arenas):

The Athlete takes the greatest number of obstacles in the fixed time and restarts the course if the fixed time has not yet been reached.

If the fixed time is reached at the moment when the Horse is already taking off this obstacle counts whether it is knocked down or not. Time is taken at the following obstacle, at the moment when the Horse's forefeet touch the ground on landing. If there is an equality of Penalties and time, Athletes are placed equal.

ARTICLE 267 HIT-AND-HURRY COMPETITION

1. In this Competition, instead of being eliminated at the first Fault, the Athlete gets two points for an obstacle correctly jumped and one point for an obstacle knocked down. Combination obstacles are not allowed.
2. This Competition takes place with a fixed time of 60 to 90 seconds (45 seconds indoors). Disobediences are penalised by the time lost by the Athlete, but two Disobediences and the first fall stop the Athlete. In this case, the Athlete will be placed last of the Athletes who have obtained the same number of points.
3. The winner of the Competition will be the Athlete who at the end of the fixed time has acquired the greatest number of points in the fastest time.
4. When the fixed time is reached, the bell is rung. The Athlete must then jump the next obstacle and the clock is stopped at the moment when the Horse's forefeet reach the ground, but he is given no points for the obstacle jumped after the bell has rung.
5. If the fixed time is reached at the moment when the Horse is already taking off, this obstacle, whether it is knocked down or not, counts. The Athlete's time is taken at the next obstacle as in paragraph 4.

If an Athlete has a Disobedience and displaces or knocks down an obstacle, the fixed time must be decreased by six seconds and the bell must be rung accordingly.
6. When the Athlete does not jump at the first attempt the obstacle at which the clock should be stopped, the round is ended. The Athlete is then placed last of those who have obtained the same number of points.

ARTICLE 268 RELAY COMPETITIONS

1. General
 - 1.1. These Competitions are for teams of two or three Athletes. The team members enter the arena together.
 - 1.2. The course shown on the plan must be completed consecutively according to the number of team members.
 - 1.3. The Athlete going through the starting line must jump the first obstacle and the Athlete jumping the last obstacle must also cross the finishing line in order to stop the clock. If an Athlete crosses the finishing line after another Athlete has jumped the penultimate obstacle, the team is eliminated.

FEI JUMPING RULES

- 1.4. The time of the round is taken from the moment when the first Athlete crosses the starting line until the last member of the team passes the finishing line.
- 1.5. The time allowed is based on the speed for the Competition and the length of the course multiplied by the number of team members.
- 1.6. If, during the round, Disobediences with knock down are committed, the time corrections must be added to the time taken to complete the round (see JRs Art. 232).
- 1.7. The Elimination of a team member incurs the Elimination of the whole team.
- 1.8. The second Disobedience by any team member or a fall by an Athlete/Horse eliminates the whole team.
- 1.9. The team is eliminated if, in changing over, the Athlete takes off to jump an obstacle before the forefeet of the Horse of his team member have reached the ground.
2. Relay Competitions are run as follows:
 - 2.1. Normal Relays
 - 2.1.1. In these Competitions the first Athlete jumps his round and having taken the last obstacle the next Athlete starts his round and so on.
 - 2.1.2. As soon as the Horses' forefeet of his team member jumping the last obstacle have reached the ground, the next Athlete may jump his first obstacle.
 - 2.1.3. These Competitions are run under Table C.
 - 2.2. Fault-and-Out Relays

Fault-and-Out Relays take place according to the provisions set forth for the Fault-and-Out Competition under JRs Art. 266 either over a maximum number of obstacles to be jumped by the whole team or with a fixed total time during which the whole team must jump the greatest number of obstacles.

 - 2.2.1. Over a maximum number of obstacles
 - 2.2.1.1. The change over, indicated by a sound of the bell, is compulsory when each Athlete has completed his round or when an Athlete commits a Fault, except at the last obstacle. His team member must then take over respectively at the first obstacle or at the next obstacle where a knockdown has occurred or at the obstacle where Disobedience has been committed.
 - 2.2.1.2. If the last team member has completed his round with no Penalty or if he knocks down the last obstacle of the course, his round ends at the finishing line and the clock must be stopped at this moment.
 - 2.2.1.3. When the last Athlete knocks down an obstacle of the course, other than the last one, the bell is rung and the Athlete must then jump the next obstacle to allow his time to be recorded. When this Athlete, for any other reason, does not jump the obstacle at which the clock must be stopped, the whole team is placed last of those who have obtained the same number of points and have their time recorded.
 - 2.2.1.4. In this Competition bonus points are awarded: two points for an obstacle jumped correctly and one point for an obstacle knocked down. One point is deducted for the first Disobedience, two points for the following Disobedience committed by each of the second or the third team member depending on the number of Athletes in the team. One point is deducted for each commenced second exceeding the time allowed.
 - 2.2.1.5. The classification is reached according to the highest number of points obtained by the team and the fastest time.
 - 2.2.2. With a fixed total time
 - 2.2.2.1. In this case, the above provisions under paragraphs 2.2.1.1, 2.2.1.3, 2.2.1.4. and 2.2.1.5. must be applied.
 - 2.2.2.2. Each team has 45 (minimum) to 90 (maximum) seconds multiplied by the number of team members.
 - 2.2.2.3. The team takes the greatest number of obstacles in the fixed time and the first team member restarts the course if the fixed time has not yet been reached.
 - 2.2.2.4. If the last Athlete knocks down the last obstacle of his round, he must jump the first obstacle of the course to allow the time to be recorded.
 - 2.2.2.5. If, during the round a Disobedience with a knock down is committed, the six seconds time correction is deducted from the fixed time.
 - 2.3. Fault-and-Out Successive Relays

These Competitions take place according to the same rules as for the Fault-and-Out Relays over a maximum number of obstacles. However, the Athletes take over from each other after each Fault until the course has been completed by as many times as the number of members in each team.
 - 2.4. Fault-and-Out Optional Relays
 - 2.4.1. In these Competitions the Athletes may take over as they like in the Competition but a change-over is compulsory, indicated by a sound of the bell, when each Athlete has completed his course or at the point where a Fault is committed.
 - 2.4.2. Optional relays are run under Table C.

FEI JUMPING RULES

ARTICLE 269 ACCUMULATOR COMPETITION

1. This Competition takes place over six , eight or ten obstacles with an increasing difficulty. Combination obstacles are not allowed. The increasing difficulty is not solely due to the height and spread of the obstacles, but also to the difficulty of the track.
2. Bonus points are awarded as follows: one point for obstacle number one not knocked down, two points for number (2), three points for number three (3), etc. with a total of 21, 36 or 55 points. No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalised as for Table A.
3. This Competition may take place either with the first round against the clock without a jump-off, or against the clock or not against the clock with a jump-off in case of equality of points for first place following the initial round. In case of a jump-off there will be a minimum of six obstacles, which may be increased in height and/or spread. The obstacles in the jump-off must be jumped in the same order as in the first round and retain their respective points allotted in the first round.
4. If the Competition takes place not against the clock with a jump-off, Athletes not qualified for the jump-off are placed according to their points obtained in the first round, disregarding the time. If the Competition takes place with the first round against the clock and a jump-off, Athletes not qualified for the jump-off are placed according to Penalties and time obtained in the first round.
5. For the last obstacle of the course, an alternative obstacle may be provided, of which one element may be designated the Joker. The Joker must be more difficult than the alternative obstacle and carry double points. If the Joker is knocked down, these points must be deducted from the total points obtained so far by the Athlete.
- 5.1 As an option, the Joker may be placed after the finish line, in which case it is not part of the main course and the following formula must be used: after the Athlete has crossed the finish line his time is recorded and he has 20 seconds in which to attempt the Joker once should he so choose. If the Joker is correctly jumped, the Athlete earns double points of the last obstacle of the main course. If the Joker is knocked down (JRs Art. 217.1), these double points must be deducted from the total points obtained so far by the Athlete.

ARTICLE 270 TOP SCORE COMPETITION

1. In this Competition, a certain number of obstacles are set up in the arena. Each obstacle carries from ten to 120 points according to its difficulty. Combination obstacles are not allowed.
2. The obstacles must be built so that they can be jumped in both directions.
3. The points allocated to the obstacles may be repeated at the discretion of the Course Designer. If it is not possible to place 12 obstacles in the arena, it is up to him to delete the obstacles he wishes.
4. The Athlete is credited with the number of points carried by each obstacle that he jumps correctly. No points are awarded for an obstacle that is knocked down.
5. A fixed time of 45 seconds (minimum) to 90 seconds (maximum) is allocated in this Competition. During this time, the Athlete may jump any of the obstacles he wishes in any order and in any direction. He may cross the starting line in either direction. (The starting line must be provided with four flags - there must be a red and a white flag at each end of the line.) During his round, the Athlete is permitted to cross the starting and finishing lines in either direction, as often as he wishes.
6. The bell is rung to declare the end of the fixed time during which points may be obtained. The Athlete must then cross the finishing line in one direction or the other in order for his time to be recorded; if he does not cross the finish line he is eliminated. The finishing line must be provided with four flags - there must be a red and a white flag at each end of the line.
7. If the fixed time is reached at the moment when the Horse is already taking off at an obstacle, this obstacle is included in the Athlete's Score if it is jumped correctly.
8. Any obstacle knocked down during a round will not be rebuilt; if it is jumped again, no points will be credited to the Athlete. The same applies for knocking down an obstacle as a result of a Disobedience or for displacing a lower part of an obstacle, which is positioned in the same vertical plane as the highest part. In the case of a Disobedience without a knock-down, the Athlete may jump that obstacle or continue to another obstacle.
9. Each obstacle may be jumped twice. The act, voluntarily or not, of jumping an obstacle for the third time or of passing between the flags of an obstacle already knocked down does not incur Elimination. However, the Athlete does not score the points allotted to this obstacle.
10. All Disobediences are penalised by the time lost by the Athlete. A fall of Horse or Athlete is penalised by Elimination (see JRs Art. 241.3.25).
11. The Athlete who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time taken between the start of the fixed time and the crossing of the finishing line after the bell has been rung will decide. In the event of equality of points and time for first place, there will be a jump-off according to the same formula with a fixed time of 40 seconds, provided that this is mentioned in the Schedule (see JRs Art. 245.6). If not mentioned, the Athletes with equal points and time will share the prize.
12. There are two options for using a Joker:

FEI JUMPING RULES

- 12.1. An obstacle may be provided as part of the course, duly marked by flags and called "Joker". The Joker may be jumped twice; 200 points are awarded each time this obstacle is jumped correctly, but if it is knocked down, 200 points must be deducted from the total points obtained so far by the Athlete.
- 12.2. The Joker is not part of the main course. After the fixed time has expired, the bell is rung to end the Athlete's round. The Athlete must cross the finishing line to have his time recorded he then has 20 seconds in which to attempt the Joker. Only one attempt at the Joker is allowed. 200 points are awarded if this obstacle is jumped correctly, but if it is knocked down 200 points must be deducted from the total points obtained by the Athlete.

ARTICLE 271 TAKE-YOUR-OWN-LINE COMPETITION

1. In this Competition the obstacles may be jumped only once in the order chosen by the Athlete. Any Athlete who does not jump all the obstacles is eliminated. Combination obstacles are not allowed.
2. Athletes may cross the starting line and finishing line in either direction. The lines must be provided with four flags; a red and a white flag at each end of these lines.
Obstacles may be jumped in either direction, unless otherwise directed on the course plan.
3. This Competition takes place without a laid down speed, under Table C.
4. If the Athlete has not completed his course within 120 seconds after the time of his round has started, he will be eliminated.
5. All Disobediences are penalised by the time lost by the Athlete. For the penalty relating to falls, see Art. 241.3.25.
6. If there is a Refusal or Run-out with a knock-down or displacement of the obstacle, the Athlete may only restart his round when the obstacle knocked down or displaced has been replaced and when the Ground Jury gives him the signal to start.
He may then jump the obstacle of his choice. In this case six seconds for time correction (see JRs Art. 232) will be added to the time of the round.

ARTICLE 272 KNOCK-OUT COMPETITION

1. This Competition takes place by pairs of Athletes against each other. The Athletes must have qualified as a result of a separate Competition in the programme or of a preliminary qualifying round, either judged under Table A against the clock, or under Table C.
2. The two Athletes will compete against each other simultaneously over two identical courses. Combination obstacles are not allowed.
If one Athlete enters the other Athlete's course and as a result interferes with that Athlete, the Athlete responsible for the interference will be eliminated.
3. The winners of each eliminating round are qualified to compete in groups of two in the next eliminating round and so on until the two finalists meet each other to decide the winner of the Competition.
4. In this Competition, each Athlete may only ride one Horse in the eliminating rounds, chosen from his Horses, which have qualified in the preliminary qualifying round or the qualifying Competition. If an Athlete finds that his opponent has withdrawn from any round, the Athlete remaining in the Competition gets the benefit of a walkover and will start in the next round.
5. If there are Athletes placed equal for the last place in the qualifying Competition or in the preliminary qualifying round, there must be a jump-off against the clock.
6. The eliminating rounds, in which two Athletes take part, are run without time if judged under Table A. Each Fault made of whatever nature (knock down, Refusal, run out) is penalized by one point. Notwithstanding the above, in the case of a Refusal with or without a knock-down the Athlete will continue his round without jumping that obstacle or waiting until it has been rebuilt. If the round is judged under table A the Athlete is penalized by one point. An Athlete passing an obstacle without attempting to jump it will be eliminated. If the Competition is run under table C, three seconds will be added to his time in this case.
Any infringement of the provisions of JRs Art. 241 incurs Elimination from the Competition.
7. If the Competition is run under table C, each Fault is penalised by three seconds.
8. The Athlete who gets the least number of points and who in the event of equality of points has passed the finishing line first will be qualified for the next round and so on until the two finalists meet to decide the winner. Athletes defeated in the corresponding rounds are placed equal.
9. A member of the Ground Jury must be stationed at the starting line to give the starting signal and another at the finishing line to decide which Athlete crosses this line first.
10. If, at the end of the eliminating round, there is a dead heat between two Athletes, the round must be started again.
11. If the Competition is run under table C, there must be an independent time-keeping installation for each Athlete.
12. The starting order in the eliminating rounds will be decided according to the table printed in JRs Annex III (16 or eight - according to the conditions of the Schedule).

FEI JUMPING RULES

ARTICLE 273 COMPETITION OVER TWO ROUNDS

1. This Competition comprises, with the same speed, two courses, identical or different, either in track or in number of obstacles or in the dimensions of the obstacles. Each Athlete must participate with the same Horse. Athletes, who have been eliminated or who have retired during the first round, may not take part in the second round and may not be placed.
2. All the Athletes have to take part in the first round. The following go forward to the second round according to the conditions of the Schedule:
 - 2.1 either all Athletes; or

ARTICLE 274 COMPETITION IN TWO PHASES

1. This Competition comprises two phases run without interruption, each at an identical or different speed, the finishing line for the first phase being identical with the starting line for the second phase.
2. The first phase is a course of seven to nine obstacles with or without combinations. The second phase takes place over four to six obstacles, which may include one combination.
3. Athletes penalised in the first phase are halted by ringing the bell after they have jumped the last obstacle or when the time allowed for the first phase has been exceeded, after crossing the finishing line of the first phase. They must stop after crossing the first finishing line. Exception Art. 274.5.6: Unless eliminated, Athletes penalised in the first phase may continue in the second phase.
4. Athletes not penalised in the first phase continue the course, which finishes, after crossing the second finishing line.
5. The manner of judging this Competition must be specified in the Schedule in accordance with one of the following formulas:

2. It may be judged under Table A or Table C. If judged under table C there is no time allowed just a time limit. The time limit may be increased at the discretion of the Ground Jury if the length of the course exceeds the requirements for establishing the time limit as set forth in JRs Art. 239.3.
3. Even if this Competition carries the best prize money of the show, each Athlete is allowed to ride a maximum of three Horses according to the conditions of the Schedule.

ARTICLE 278 COMPETITION OVER COMBINATIONS

1. The course must consist of six obstacles; a single obstacle as first obstacle and five combinations. At least one obstacle must be a treble combination.
2. The Competition may be judged under Table A or Table C.
3. If there is a jump-off, according to the conditions of the Schedule, the jump-off course must comprise six obstacles. It must include a double, a treble and four single obstacles, or three doubles and three singles. To achieve this, some elements of the combination obstacles for the first round must be removed.
4. The provisions of JRs Art. 204.5 do not apply to this Competition. However, the length of the course may not exceed 600 m.

ARTICLE 279 EVENTS AND COMPETITIONS WITH BORROWED HORSES

International Events or Competitions may be organised with Horses borrowed by the host NF with the approval of the FEI Secretary General .

In such cases, the following conditions apply:

1. The OC will make available the necessary number of Horses (maximum three -3- per Athlete).
2. At least 24 hours before the start of the first Competition a fair draw of the borrowed Horses for each team or individual Athletes has to take place. Unless otherwise stated in the Schedule and approved by the FEI Secretary General the Horses for the host NF will be drawn first.
3. The draw must take place in front of the Chefs d'Equipe or a representative of each team, the Athletes, the President or a Member of the Ground Jury and the President of the Veterinary Commission or the Veterinary Delegate. The Horses must be present and properly identified and must wear the bridle normally used. This same bridle must be used throughout the whole Event unless the permission to change is given by the owner.
4. The OC should provide a reasonable number of reserve Horses to be used in case any Horse is found incapacitated by the Veterinary Delegate or in case of apparent complete incompatibility between one of the Athletes and his Horse, as stated by the Ground Jury.
5. The Schedule must establish clearly the conditions under which the Horses are borrowed and drawn and the Competitions are run. If alterations to the conditions under paragraphs 1 to 4 are foreseen, they have to be approved by the FEI Secretary General .
6. FEI passports shall not be required, provided that only national Horses take part, which can be positively identified with a document accepted by the FEI.

FEI JUMPING RULES

CHAPTER XIII VETERINARY INSPECTIONS AND EXAMINATIONS, MEDICATION CONTROL AND PASSPORTS OF HORSES

ARTICLE 280 VETERINARY EXAMINATIONS, HORSE INSPECTIONS AND PASSPORT CONTROL

The Horse Inspections, Veterinary Examinations and Passport Control must be conducted in accordance with the VRs Art. 1027, 1029 and 1030 and as set forth below.

1. Examination on arrival and Passport Control

The Examination and Passport Control must be conducted in accordance with VRs Art. 1029 and 1031.

For any significant passport irregularities see VRs Art. 1030.

NB: When verifying the details in the passport, the age of the Horse must be checked, if the Event or any Competition is limited to Horses of a specific age.

2. Horse Inspection

2.1 This must be carried out not later than the afternoon of the day preceding the first Competition. Chefs d'Equipe and/or Persons Responsible should arrange a specific time for their Horses to be inspected within the time specified in the programme. This should be available and ready at the Secretary's Office at least two days before the first Competition, to avoid unnecessary delay for all concerned.

2.1.1 Where circumstances warrant, the Ground Jury, in consultation with the Veterinary Delegate, may at its discretion allow another Horse Inspection to be held at a later time for Horses that could not be present at the first Horse Inspection due to exceptional, unforeseen circumstances.

2.2 At FEI World Cup™ Finals, World, Senior Continental Championships and Olympic Games, a second Horse Inspection will be scheduled prior to the start of the final Competition.

2.3. Each Horse must be presented in either a snaffle or double bridle. Any other harness or equipment, i.e. rugs, bandages, etc. must be removed. No exception to this can be allowed.

2.4. No Horse may be presented with its identity concealed in any manner by the application of paint or dye.

2.5 Chefs d'Equipe must be present with their team Horses in addition to their grooms and/or their Athletes.

2.6 Persons Responsible (Athletes) must be present with individual Horses, in addition to their grooms.

2.7 At FEI World Cup™ Finals, Championships and Games, Athletes must present their own Horse(s) at the Horse inspection. The President of the Ground Jury may relax this rule for an Athlete if requested to do so by the Chef d'Equipe or the Athlete.

2.8 It is emphasised that this is not a detailed veterinary examination (see also VRs Art. 1031) and it should be completed as quickly as possible.

3. Ground Jury, Appeal Committee and Veterinary Commission Liaison

3.1. Selection of Horses to be Sampled for Medication Control (see VRs Art. 1057)

3.2 At FEI World Cup™ Finals, World, Senior Continental Championships and Olympic Games, sufficient Horses must normally be sampled to ensure that the following samples are available for analysis:

3.2.1 in all Final Competitions for Individuals, the first three placed Horses;

3.2.2 in Final Jumping Competitions for Teams, one Horse from among all the Horses in each of the first three placed teams;

ARTICLE 281 MEDICATION CONTROL OF HORSES

The Medication Control of Horses must be conducted in accordance with the GRs and the VRs, the Equine Anti-Doping and Controlled Medication Regulations and any other applicable FEI Rules or Regulations.

ARTICLE 282 PASSPORTS AND IDENTIFICATION NUMBERS OF HORSES

1. Passport requirements for Horses (see GRs Art. 137 and VRs Art. 1027).

2. Each Horse keeps the same identification number provided by the OC on arrival, throughout the Event.

It is compulsory that the Horse always wears this number whenever it leaves the stables, so that it may be identified by all officials including the Stewards. Failure to display this identification number clearly will first incur a warning and, in the case of repeated offences, a fine imposed on the Athlete by the Ground Jury or the Appeal Committee (see JRs Art. 240.2.8).

- Round 2: Total penalties from both rounds

1.3. Type of System Authorised

- The connection of the timer to the photocells can be wireless. The timer is connected to the downstream processing system by wire
- For Games and Championships and other events it is optional to have photocells be connected by wire to a synchronised time-of-day timer
- For CSI 4* and CSIO 4* events and of a higher category a split-timing system is obligatory

2. TIMING AT FEI JUMPING EVENTS

For all Jumping events in the FEI Calendar, electronic timers, photocells and wireless transmission systems homologated by the FEI must be used. A list of these approved devices is published on the FEI website. Events using timing equipment other than those on the homologated FEI list will not be considered for FEI evaluation unless an exception has been authorised by the FEI Jumping Director (see JRs Art. 229.1). Specifications and procedures for timing are more fully described in the Memorandum for International Jumping Events, published on the FEI website.

2.1. Timing at FEI Jumping Events

2.1.1. Timing at the sensors

With electronic timing, the time is taken when a horse crosses the start or finish line and triggers the beam between the photocells. Time has to be taken on the breast of the horse. If the rider pushes the horse's head first there will be no correction. With hand timing the time will be taken as above. The height of the sensors must be identical at the start and finish lines.

If a time base is used in conjunction with the photocell, either integrated or separate, then it must be set in time of day and be synchronised with the main timer before the start of each competition. Synchronisation to time of day must take place within 60 minutes before the start of the event and must be maintained throughout the event.

2.1.2. Hand Timing

Manual (hand) timing, completely separate and independent of the electronic timing, must be used for all competitions listed in the FEI Calendar. Stopwatches or hand operated battery powered timers that are installed at both the start and the finish and capable of expressing times to at least 1/100th (0.01) precision qualify as proper hand timing devices. Printed records, either automatic or hand-written, of recorded hand times must be immediately available at the start and at the finish. Elapsed time on course is derived from the mathematical comparison of start and finish times. The times taken by hand timing may be used in the official results after a correction has been calculated.

2.1.3. Calculation of the hand timing correction

Calculate the difference between the times taken by hand and the electronic times of the 5 competitors starting before the missing time and the 5 starting after or if necessary the 10 nearest competitors. The sum of the 10 time difference is divided by 10 to give the correction which must be applied to the hand time of the competitor without an electronic time.

2.1.4. Time corrections within the timer

When the official printing timer allows manual input or correction of a competitor's time, some type of indication (star, asterisk or other) concerning any effected change must be printed on all relevant timing documentation to indicate that manual intervention has been applied.

2.1.5. Print-out of time

The official timing strips from the printer will be given to the Foreign Judge for review. They will be kept by the Event Organiser until the official approval of the event or resolution of any appeal dealing with timing or event results. At events where a complete back-up system is required this also applies.

The Foreign Judge must indicate by his signature on the results form and in his report to the FEI his approval of the event. All printed records from system A, system B and hand timing must be retained by the OC for a period of three months after the event or until resolution of any appeal dealing with timing or event results.

2.1.6. Presentation of times

Organisers shall provide appropriate facilities for continuous presentation of all registered times of all competitors.

2.2. Timing at Olympic Games and World Championships

2.2.1. Electronic Timing

For Olympic Games, and World Championships, two synchronised electronically isolated timing systems with printers, directly connected to the start and finish photocells and operating in time-of-day must be used. One system will be designated system A (main system), the other system B (back-up system) prior to the beginning of the event. The photocells for the respective systems at the start and finish must be arrayed identically and be placed as close together as physically possible, and in any case no more than 0,5 m apart.

All time of day times must be immediately and automatically sequentially recorded on printed strips to at least the 1/1,000th (0.001) precision on dedicated directly attached or integrated printers. Both systems must furnish time data to allow for the calculation of elapsed times by the mathematical comparison of each competitor's start time to finish time. The recorded times are truncated to 1/100th second after calculation of the run time. The final result for each rider's round is expressed to 1/100th (0.01) precision.

All times used for the final result must be from system A. If there is a failure of the main electronic timing system (system A), a calculated elapsed time from system B must be used following the same procedure as set out above. It is not permitted to substitute time-of-day times from system B for use with system A for the purpose of elapsed time calculations. In the case that calculated elapsed times from either system A or system B are not available for a competitor, the calculated net manual time as per Art. 2.1.3 will be considered valid.

For all events, system A must be connected to its respective A photocell contact. System B must be separately connected to another electronically isolated B photocell contact.

See the Memorandum for International Jumping Events published on the FEI website for diagrams and start and finish line installations.

Synchronisation of the timing systems must occur within 60 minutes prior to the commencement of each event and synchronisation of all systems must be maintained every day throughout each event. Timers may not be resynchronised during any competition but may be resynchronised between competitions.

For all other Games and Championships the same systems approach is highly recommended.

2.2.2. Photocells

For Olympic Games and World Championships there must be two photocell systems homologated by the FEI, installed at the start and finish line. At each location, one is connected to system A. The other is connected to system B.

2.2.3. Hand Timing

Refer to Art. 2.1.2. The stopwatches or battery powered hand timing devices used must be synchronised prior to the start of each event, preferably with the same time-of-day as system A and system B.

2.3. Timing without cable for all FEI events

The FEI recognises the importance of wireless impulse transmission systems in the arenas of FEI Jumping events and encourages their use to facilitate the ease of set-up and functionality of modern jumping. It should be noted however that any wireless system is more prone to failure than a hardwired connection from the timer to the photocells.

ANNEX V CSI INVITATION RULES

Invitation Rules for CSI3*/CSI4* Events in Europe

The list of the Longines Rankings established **two** months prior to the event is to be used for the selection of riders. The Organising Committee must print in the schedule the number of the list which applies for the invitation of riders, as well as the total number of riders to be invited.

Section 1 Riders at top of the list of the Longines Rankings

The top 25 riders (for CSI4*) / the top 15 riders (for CSI3*) on the list of the Longines Rankings must be invited. The maximum number of riders from any foreign NF in this section must be limited to five.

Section 2 Home Riders

The number of home riders who accept the invitation under **Section 1** will determine the number of remaining home riders to be invited. The number of home riders must neither exceed 50% nor be less than 35% of the total number of riders invited. The NF/OC decides on the exact percentage for this section, which must be printed in the schedule. If the home nation does not fill its quota, the remaining places are filled in accordance with the conditions established for invitation of riders in section 3.

Depending on the number of home riders competing internationally, the number of home riders may be increased to 60% of the total number of riders at the event. This may only be done upon receipt of a request from the NF concerned and may or may not be granted at the discretion of the Director of the FEI Jumping Department.

Section 3 Foreign Riders

3.1 The number of foreign riders who accept the invitation under **Section 1** will determine the number of remaining foreign riders to be invited. 50% of the remaining foreign riders must be selected from the top 300 for CSI-4* or the top 600 for CSI3* of the list of Longines Rankings and 50% may be selected from any position on the list, or may be unranked.

3.2 At least 7 foreign NFs must be represented (This includes NFs represented by riders in **Section 1**).

3.3 If a NF is invited to send riders but decides not to participate, the Organising Committee selects another NF in accordance with the conditions established for invitation of riders under section 3.1.

Section 4 OC Wildcards

The OC is free to invite 15% for CSI4*) or 20% for CSI-3* of the total number of riders as wildcards. These riders must be selected from the top 600 on the list of the Longines Rankings. These invitations (for foreign and/or home riders) should be under the same conditions as for other participants and must in no way be directly or indirectly connected with a financial contribution for participation at any international Jumping event. At the same time, it is also unacceptable for riders to ask for an appearance fee.

Section 5 FEI Invitations for foreign riders or home riders domiciled outside the home country

The FEI has the right to nominate two riders by the deadline date established for nominated entries. The maximum number of times a rider can be nominated during the same season for this group is three. Vacant places under this section are filled in accordance with the conditions established for invitation of riders in section 4.

OCs of CSI3*/CSI4* events that are part of "Tours" (multiple events held on consecutive weekends at the same venue) must respect the Invitation Rules for their category; however, if due to lack of space not all entries can be accepted, OCs may state in the Schedule that preference will be given to athletes who enter the entire Tour.

Invitation Rules for CSI5* Events (Worldwide)**Section 1 Compulsory Invitations**

- 1.1 70% of the total number of athletes invited must be from the top 150 on the FEI World Ranking list established by the FEI two months prior to the event. The following conditions must be respected. Consequently this percentage may need to be reduced.
- 1.1.1 Athletes are invited in descending order from the first athlete on the FEI World Ranking list.
 - 1.1.2 At least ten foreign NFs must be invited with at least two athletes per NF.
 - 1.1.3 If a NF has only one athlete in the above percentage, the NF in question has the right to enter a second athlete providing that he is within the top 150 on this list.
 - 1.1.4 Organising Committees may limit the number of athletes from a single foreign NF to five. However, they are free to accept more than five athletes from the same NF providing they are within the above percentage and providing the other NFs invited have entered a second athlete.
 - 1.1.5 If the Organising Committee cannot fill its quota from the top 150 on the FEI World Ranking list, vacant places will be filled by inviting athletes from 150th place on the FEI World Ranking list in descending order.
 - 1.1.6 The total number of athletes to be invited to the event, as well as the date of the FEI World Ranking list which applies for invitation of athletes must be printed in the Schedule.
- 1.2 If an NF is invited to send participants but decides not to participate, another NF is selected by the Organising Committee in accordance with the conditions established for invitation of athletes in section 1.1.2

Section 2 OC Invitations

Maximum 30% of the total number of athletes invited can be invited as wild cards by the Organising Committee through their NFs (these may consist of foreign and/or home athletes). These athletes can be taken from any position on the FEI World Ranking list.

These invitations (foreign and/or home riders) should be under the same conditions as for other participants and cannot be granted in return for a financial contribution.

At the same time, it is also unacceptable for athletes to ask for an appearance fee.

Section 3 FEI Invitations for Foreign athletes or home athletes domiciled outside the home country

The FEI has the right to nominate one athlete for CSI5* events by the deadline date established for nominated entries. The level of the nominated athlete must be of the required standard for a CSI5* event. The maximum number of times an athlete can be nominated during the same season for this section is three. Vacant places under this section are filled in accordance with the conditions established for invitation of athletes in section 2.

OCs of CSI5* events that are part of "Tours" (multiple events run on consecutive weekends at the same venue) must respect the Invitation Rules for CSI5* events; however, if due to lack of space not all entries can be accepted, OCs may state in the Schedule that preference will be given to athletes who enter the entire Tour.

National events

OCs that wish to organize a National event must comply with the FEI rules for National events. These include the restrictions on the number of foreign athletes and the number of NFs represented by athletes.

Sanctions and consequences

If prior to a CSI-5* event it is known that the event will not follow the FEI technical conditions and the FEI Rules for invitation of athletes, the event may be removed from the FEI calendar at the discretion of the FEI.

If sufficient proof can be established after the event that the FEI technical conditions and the FEI Rules for invitation of athletes have not been respected FEI World Ranking points may be withdrawn at the discretion of the FEI and CSI status may be refused for the following season.

If the event is an FEI World Cup™ event it may lose its status for the coming season if the conditions for invitations laid down in the FEI World Cup™ Jumping Rules are not respected. For FEI World Cup™ events it is forbidden to accept invitations in return for payment of any kind.

If the event is organized outside the jurisdiction of the FEI, participating athletes will not be allowed to participate at other FEI Events.

 - 4.7. Athletes and Horses with a Score of not more than eight Penalties in the first or second round of a Nations Cup Competition at a CSIO5* outdoor Event with a Score of not more than eight Penalties in the first round of the Grand Prix Competition at the same Event.
5. For CSI and CSIO Events mentioned above, selection will be made from Events which take place from the 1 January the year preceding the Games or Championship until the closing date for nominated entries, or a date to be fixed by the FEI. A list of Events will be published by the FEI in the year preceding the Olympic Games or FEI Championship.

6. Selected Nations Cup, Grand Prix Competitions and FEI World Cup™ qualifying Competitions must meet the following specifications: consist of at least 12 obstacles which may vary in height between 1.40 m and 1.60 m. The spread obstacles must have spreads of between 1.50 m to two metres (2.20 m for the triple bar). At least two straight obstacles must be provided with a minimum height of 1.60 m. At Events where the Schedule indicates that the height of obstacles in a qualifying Competition, e.g. the Grand Prix at a CSI3*, is 1.50 m, a special mention may be added to the Event Schedule that if the Competition is listed as a qualifying Competition for the Olympic Games, the World or Continental Championship, the compulsory two verticals at 1.60m will be included in the course without it being considered to have exceeded the dimensions listed in the Schedule.
7. NFs unable to send complete teams to any of the CSIOs will be allowed to enter individuals who will be allowed to compete "*hors concours*" in the Nations Cup Competition.
8. In exceptional circumstances, if an NF finds it impossible for its Athletes to qualify as above, it may request the FEI to send a foreign assessing delegate at the expense of the NF to assess the level of performance, at a special qualifying Competition; permission for a special qualifying Competition may be granted by the Jumping Committee. Special qualifying Competitions should be held at a CSI or a CSIO and must be run in accordance with the following FEI protocol.

The OC must inform the FEI of the exact dimensions of the outdoor arena (and any fixed elements) in order for the course plan to be designed. The OC must appoint an FEI Course Designer to build the course.

The FEI will appoint an international (foreign) judge to act as the assessing delegate.

The FEI will appoint an FEI Veterinarian to perform a horse inspection prior to jumping.

An FEI Steward must be present to carry out the usual duties of an FEI Steward including, but not limited to, the boot and bandage control.

In addition to the above an MCP test may be carried out on participating horses.

An exact time must be established for the special qualifying Competition.

All costs for the special qualifying Competition will be at the requesting NF's expense.

The Competition must be open to Athletes from other NFs and shall consist of one round.

The FEI will select an FEI Course Designer to design the course plan according to the following dimensions and technical requirements; the course plan must be sent to the FEI Director Jumping for approval.

- Two Verticals of 1.60 m;
- Bend or straight line of up to six strides between two single obstacles;
- A distance of up to six strides leading to or following the triple combination;
- One triple and one double combination;
- The triple combination must have at least one oxer and at least one one-stride distance either from A to B or from B to C.
- Minimum length of course 400 meters with a minimum speed of 375m/min;
- 50% of the efforts must be spread obstacles (e.g. oxer, triple bar, Swedish oxer, narrow oxer etc.);
- Depth of cups maximum 20mm if poles are 350-400 cm long;
- A liverpool obstacle, as either a vertical or a spread.

The FEI will provide the course plan to the Course Designer appointed by the OC on the morning of the special qualifying Competition.

Immediately following the Competition, the course plan and the results duly signed and confirmed by the FEI assessing delegate, must be sent to the FEI.

Special qualifying Competitions that do not meet the above requirements will not be validated.

Athletes/Horses scoring eight Penalties or less in this round will be considered to be qualified. The foreign assessing delegate, appointed by the Jumping Committee, will advise the NF and the FEI on the granting of Certificates of Capability. If by misfortune an Athlete/Horse combination has more than eight Penalties but shows a very good performance otherwise over the course, the foreign assessing delegate may let this combination repeat a similar course. But in no case can an Athlete qualify if he has scored more than eight Penalties in the second round.

9. At Nations Cup, FEI World Cup™ and Grand Prix Competitions at selected CSI/CSIO 3*/4*/5* Events the Foreign Judge is responsible for ensuring that the course is built to the required dimensions and will confirm in his report to the FEI that the minimum requirements for obtaining Certificates of Capability have been achieved.
10. Certificates of Capability must be received by the FEI for Athletes and Horses not later than the date fixed for nominated entries or date fixed by the FEI. Athletes and Horses for whom Certificates of Capability have not been received will not be allowed to start.
11. Any and all "*hors concours*" participation provided for directly or indirectly in the present Annex and/or in any special Rules of the Jumping Discipline are in compliance with the permissible exceptions as per Article 117.5 of the GRs.
12. The report of the assessing foreign delegate must be sent to the FEI Secretary General who in turn will send a copy to the Chair of the Jumping Committee. The NFs of the qualified Horses and Athletes will be informed by the FEI immediately after the qualification is given.

In the case of individuals or teams with equal Penalties, the same starting order will be retained as in the first round.

The starting order in the possible jump-off will revert to the starting order in the second round.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

The second round is open only to the ten best teams in the first Competition and those teams placed *ex aequo* for 10th place.

Before the ten best placed teams and those placed *ex aequo* for 10th place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. There must be a break of at least 30 minutes between the second round qualifier and the second round of the team Competition.

OCs must provide one individual Farewell Competition for those who are not qualified to participate in the individual Final of the Championship.

This Competition is judged under Table A against the clock with one jump-off against the clock. (see JRs Art. 238.2.2).

The Farewell Competition for Young Riders and Juniors may be combined if there is not a sufficient number of Young Riders and Juniors at the Championship.

6. Individual Final Competition

6.1. Running

This Competition consists of two different rounds A and B judged under Table A not against the clock with a jump-off against the clock in case of equality for the first, second and/or third place (see JRs Art. 273.3.2).

6.2. Starting Order

The starting order for Round A will follow the reverse order of Penalties incurred in the first and second qualifying Competitions of the Championship. In the event of equality of Penalties for any placing, the result of the first qualifying Competition will be the deciding factor for the starting order. The lowest placed qualified Athlete will therefore start first.

The starting order for Round B will follow the reverse order of the Penalties incurred in the first and second qualifying Competitions as well as Round A. The Athlete with the greatest number of Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equal Penalties, the result of the first qualifying Competition will be the deciding factor for the starting order.

No Water Jump.

Length: 500 m minimum, 700 m maximum.

After Consultation with the Course Designer, the Ground Jury may decide to move the obstacles sideways following the first round depending on the condition of the footing. The course must be re-measured if there is a change in the length. If the position of any of the obstacles is altered, the Athletes will be permitted to inspect the course before the second round.

3. Participation

Only the Athletes and Horses, which have taken part in the first Competition, may take part in the second Competition.

3.1. Individuals

3.1.1. The 50 Athletes (such number to be increased if there is equality for the 50th place) having the best Score deriving from the addition of the Scores obtained in the first individual qualifying Competition and Round one of team Competition (second individual qualification Competition) are allowed to participate in the third individual qualification Competition which is Round two of the team Competition.

3.1.2. If the Athletes qualified as above under 3.1.1 are not members of a team which has been qualified to participate in Round two of the team Competition, said Athletes will compete prior to Round two of the team Competition. There will be at least 30 minutes interval between this round and Round two of the team Competition.

3.2. Teams

3.2.1. Round two of the team Competition takes place after the third qualifying Competition for individuals. It is open only to the 10 best placed teams and those teams equal on Penalties for 10th place after Round one of the team Competition.

3.2.2. All teams allowed to compete in Round two of the team Competition carry their Penalties forward from the first individual qualifying Competition and Round one of the team Competition.

Score obtained in Round two by members of teams who are not among the Athletes eligible to compete in the third individual qualifying Competition as mentioned under 3.1.1 above, count only for the classification of their respective teams.

4. Starting order

The starting order in this second Competition will be determined by a new draw in accordance with the same procedure as provided for the first Competition.

4.1. Individuals

4.1.1. The starting order of the individuals qualified to compete as mentioned hereinabove under section 3.1.1 is set according to the reverse order of the aggregate Penalties incurred in the first and the second individual qualifying Competitions. In case of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

4.2. Teams

4.2.1. The starting order of the teams qualified to compete in Round two of the team Competition is set according to the reverse order of total Penalties of the best three Athletes per team incurred in the first individual qualifying Competition and of the best three Athletes per team in the Round one of the team Competition. Teams with equality of the Penalties retain the starting order of Round one.

4.2.2. Scores of individuals who are members of any team eligible to participate in round two as provided herein above will count for the classification of their team in the team Competition but also as their personal result in the third qualifying Competition if they are among the Athletes mentioned in paragraph 3.1.1. above.

5. Team Placing

The ten teams and those with equality of Penalties for 10th place receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team, which has obtained the least number of Penalties will be placed first and declared Continental team champion.

In the event of equality of Penalties between teams for first, second and/or third place, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 350 m per minute.

The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The Score of this jump-off is only to determine the placing of the teams and will not count towards the final Scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not qualified for the second round of the team Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the team Competition.

6. Rest Day

A rest day must be scheduled between the second and third Competitions.

ARTICLE 16 THIRD COMPETITION (INDIVIDUAL FINAL)

1. Conduct, Table, Speed

This third Competition is conducted over two rounds (A) and (B) each judged under Table A not against the clock with a time allowed at a speed of 350 m per minute (see JRs Art. 238.1.1).

At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles).

A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course. Length: 400 m minimum, 500 m maximum.

3. Participation

This third Competition is compulsory for the 25 best placed Athletes and Horses (including those with equality of Penalties for 25th place) according to the cumulative Penalties over the first and second Competitions or according to the cumulative Penalties over the first Competition and first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition. Athletes must have taken part in the first Competition (completed or not) and have completed the second Competition (without having been eliminated or having retired) or have taken part in the first Competition (completed or not) and have completed the first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition (without having been eliminated or having retired). If for any reason one or more of these 25 best placed Athletes are unable to start, they will be replaced by Athletes from the reserve list of five Athletes.

4. Inspection of Course B

Athletes will be invited to inspect the course for round B at the conclusion of Round A.

5. Starting order

5.1. The starting order for round A will follow the reverse order of Penalties incurred in the first and second Competitions. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of Penalties incurred in the first Competition and the first round of the second Competition as well as the round replacing the second round of the team Competition. In the event of equality of Penalties, the Score of the first Competition will decide the starting order. The 25th qualifier will, therefore, start as number one.

5.2. The starting order for round B will follow the reverse order of total Penalties incurred in round A of the final Competition, as well as in the first and second Horse. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of total Penalties incurred in round A of the final Competition, the first Competition and the first round of the second Competition, as well as the round replacing the second round of the team Competition. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will

start last. In the event of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

6. Individual Placing

The individual placing is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the two rounds of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two rounds A and B of the third Competition. For those individuals and members of teams not qualified for the second round of the team Competition their Score in the second round qualifier counts instead of the second round of the team Competition.

The Athlete with the least Penalties will be placed first and declared the Continental champion.

In the event of equality for one of the first three places after round B of the third Competition, there will be a jump-off against the clock at a speed of 350 m per minute over eight obstacles from the courses of rounds A and B. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

ARTICLE 17 PRIZES

1. Prize money will not be offered. Prizes in kind will be awarded after the first Competition to the 12 best Athletes, after the second Competition for teams to the six best teams only and after the third Competition to the best 12 overall placed Athletes.
2. FEI gold, silver and bronze medals will be awarded to each member of the three best placed teams in the Team Final and to the individuals placed first, second and third in the Individual Final.

15.5 In addition to the team classification there will be an individual classification with prizes for this Competition.

The obstacles must have a height of approximately 1.15 – 1.20 m and a spread of approximately 1.25 m. Each Athlete is permitted a maximum of 90 seconds per Horse. Dress is informal: boots, breeches, shirt and a hard hat must be worn.

The public may not be charged to enter and prizes of any kind may not be offered.
2. Second Day - individual Championship - First Qualifying Competition for the individual Championship

Open to all Athletes.

Table A, against the clock with no jump-off (see JRs Art. 238.2.1).

 - 2.1. Starting order in the first qualifying Competition.

There will be a draw for the starting order in the first qualifying Competition.
3. Third Day - Team Championship

(Also Second Qualifying Competition for the individual Championship)

 - 3.1. This Competition is run in two identical rounds according to Table A, not against the clock, with a possible jump-off against the clock, in case of equality of first, second and/or third place.

This Competition is open only to those Athletes and Horses which have taken part in the first Competition (see paragraph 2 above). The team classification only affects the members of the teams declared to start.
 - 3.2. Starting order in the team Competition

Starting order in the team Competition will be according to a draw, in the first round. In the second round, the order of starting will be according to the reverse order of Penalties incurred in the first round (individuals to start before teams in the second round). In case of individuals or teams with equal Penalties, the same starting order as in the first round will be used.

The starting order in a possible jump-off will revert to the starting order of the second round.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

The second round is only open to the ten best teams in the first Competition and those teams placed *ex aequo* for 10th place.

Before the ten best placed teams and those placed *ex aequo* for the 10th place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. There must be a break of at least 30 minutes between this second round qualifier and the second round of the team Competition.
4. Fourth Day
 - 4.1. Farewell Competition

Open to Athletes who are not qualified for the individual Championship (under 4.2.1. hereunder). This Competition is judged under Table A, not against the clock, with one jump-off against the clock. Speed of 350 m per minute (see JRs Art. 238.1.2).

OCs must provide one individual Farewell Competition for those who are not called upon to participate in the individual Championship. The usual distribution of rosettes must be followed.

4.2. Third Competition (individual Final)

4.2.1. Running

This Competition consists of two rounds A and B judged under Table A, not against the clock, with a jump-off against the clock for first, second and/or third place with a speed of 350 m per minute (see JRs Art. 273.3.2).

Qualified to participate are the top 60% of Athletes (including those placed equal for the last qualifying place) according to the cumulative Penalties over the first and second qualifying Competitions. The number of Athletes permitted to participate must not be less than 15 and not more than 30.

Athletes must have taken part in the first Competition (completed or not) and have completed the second Competitions (without having been eliminated or without retiring). If an Athlete is eliminated or retires from the first Competition he shall be penalised with 20 Penalties more than the Athlete with the highest number of Penalties. If the Athlete concerned has himself received the highest number of Penalties before being eliminated or retiring, 20 Penalties will be added to his Score. If for any reason one or more of the qualified Athletes are unable to start, they will not be replaced.

All Athletes who complete round A go forward to round B. The Penalties in both rounds are added.

Athletes will be invited to inspect the course of round B.

4.2.2. Starting order

The starting order for round A will follow the reverse order of Penalties incurred in the first and second qualifying Competitions of the Championship. In the event of equality of Penalties for any placing, the time of the first qualifying Competition will be the deciding factor for the starting order of the Athletes. The lowest placed Athlete qualified will therefore start as number one.

The starting order for round B will follow the reverse order of the Penalties incurred in the first and second qualifying Competitions as well as round A. The Athlete with the greatest number of Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equal Penalties, the time of the first qualifying Competition will be the deciding factor for the starting order.

ARTICLE 23 OBSTACLES AND COURSES

1. The course for the first qualifying Competition consists of 12 to 14 obstacles. Height 1.25 m maximum, with a proportional spread between 1.00 m and 1.30 m.
2. The course for the team final Competition and for the second qualifying Competition of the individual Championship consists of 12 to 14 obstacles, including one double and one triple or three doubles.
Height: 1.25 m maximum (both rounds) with a proportional spread between 1.00 m and 1.30 m.
Speed: 350 m per minute.
3. In Round A of the individual Championship, the course must consist of 10 to 12 obstacles, including three doubles or one double and one triple, of a maximum height of 1.30 m with a proportional spread between 1.00 m and 1.35 m.
Round B must be different from Round A, consisting of eight to ten obstacles, including one triple or one double.
Height: 1.30 m maximum with a proportional spread – both at the discretion of the Technical Delegate.
Speed: 350 m per minute.
4. In the case of a jump-off, either for team classification or for the individual classification, a reduced course over six obstacles, in which the dimensions of obstacles cannot be greater than the dimensions of obstacles in Round B.
Speed: 350 m per minute.
5. The obstacles for the farewell Competition must have a height of approximately 1.20 m and a spread of 1.25 m approximately.
Speed for the farewell Competition: 350 m per minute.

ARTICLE 24 TEAM CLASSIFICATION

1. The team classification is decided by adding the Penalties incurred by the best three Athletes of each nation in the First Qualifying Competition and in each of the two rounds of the Team Championship.
For those teams not qualified for the second round the results of the best three Athletes per team in the First Qualifying Competition and in the first round of the Team Championship count.
Team Athletes not completing the first or second round receive 20 Penalties more than the worst-placed team Athlete, who has finished that particular round.

2. In the case of equality between the teams for first, second and/or third place, a jump-off against the clock is necessary, in which all the team Athletes participate. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and second place. The classification in this jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team.
3. In case of further equality (Penalties and time), the teams will be placed equal.
4. In case of equality of Penalties for any other placing, the teams will be placed equal.
5. In addition to the team classification there will be an individual classification with prizes for this Competition.
6. Teams taking part in Non-Open Championships from NFs outside the Continent or Region in which the Championship is held, may participate in the team Competition, but will not receive a team classification. They may receive prizes for the individual classification in the team Competition.

ARTICLE 25 INDIVIDUAL CLASSIFICATION

1. The individual placing is determined for each Athlete by adding the Penalties incurred in the first qualifying Competition, both rounds in the second qualifying Competitions (disregarding the Penalties incurred in the jump-off, if any) and rounds A and B of the third Competition (Individual Final).
2. In case of equality of Penalties for the first, second and/or third place a jump-off, against the clock is compulsory (see Article 23.4 of this Annex).

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first place. In case of further equality of Penalties and time, the Athletes will be placed equal.
3. Athletes taking part in Non-Open Championships from NFs outside the Continent or Region in which the Championship is held, may participate in the Final individual Competition if qualified, but are not allowed to take part in the jump-off for individual medal placings. Their Penalties from rounds A and B are added to give them their classification in the Competition.
4. Two classifications for the Individual Final Competition must be provided; one for the individual medal winners; and another for all Athletes taking part in the Competition. For the latter classification, only the results from Rounds A and B count. Athletes with equality of Penalties are placed equal.

Nevertheless, the Athlete may take part in the second round of the FEI National Cup Competition and in the second round of the team Championship Competition providing that the official doctor and the Ground Jury give their approval. The Athlete eliminated is penalised with 20 Penalties more than the worst placed Athlete in the concerned round.

ARTICLE 31 SAFETY

1. At the discretion of the Ground Jury, an Athlete unable to control his Horse may be forced to retire from the Competition or the Event with the Horse in question.

2. For Children competing on stallions, a designated adult must be responsible for the supervision of the stallion during the Horse Inspection and Veterinary Examination.
