My motivation to stand for election:

In fulfilling this form I would express my interest as a candidate for the IJOC Board.

One of my motivations is the wish to make a significant contribution to our sport within the IJOC and contribute to a sound development of our discipline at all levels. This means a willingness to work with colleagues to identify solutions to problems or challenges, to share experiences and knowledges for the benefits of all stakeholders involved in our sport.

Due to my past activity at national and international level, I have accumulated some experiences and created many contacts that would help me for an engagement in the board of the IJOC.

The IJOC should work hard in order to be a solid and credible partner to the FEI for all matters in relation with the whole equestrian sport and the Show Jumping in particular.

The IJOC needs also to help to the development of the Equestrian Sport in the smaller countries, in all parts of the world, and support the FN and OC of these countries in their efforts.

I would appreciate your support and I look forward to serving our Club.

Claude Nordmann
