A Mariner by education and profession but left it for passion and that is Equestrian Sports. Stated a company Named Mariner's Saddle club Pakistan , which is managing couple of Equestrian facilities in Pakistan. I wish to start FEI sports in Pakistan so therefore I took the judges course and now working to develop Horse jumping in this country.

I think by, having me ,you will have the practical insight of the issues faced by the countries who are developing sports from basic.

I have started this from one horse and slowly and gradually the herd increased to 50. So i have extensive experience of development and creativity.
